DISCUSSION

RT has been using the services of the Sacramento County Sheriff's Work Project crew for landscape maintenance, station cleaning and right of way cleaning. RT received free inmate labor with minimal compensation for deputy supervision. Inmates participating in this project provide the majority of the labor necessary to maintain RT's landscaping and clean the light rail stations and right of way.

The Sixth Amendment to the Contract executed on September 28, 2009, extended the Contract term through December 31, 2010, decreased the van reimbursement rate, increased the hourly and shift rate for the Deputy Sheriff, and increased the total consideration to cover service through the end of the calendar year. The funding calculations for the Sixth Amendment fell short of what RT needs to cover service through the end of the current calendar year. One hundred forty thousand dollars has been budgeted and once this funding runs out, the Sheriff's Work Project services will be eliminated due to RT's current fiscal situation. Staff estimates the additional funding will run out in early 2011. The elimination of the services provided by the Sheriff's Work Project which includes but is not limited to maintenance of existing operating light rail corridors (right of way and 48 light rail stations); future use properties e.g., Calvine/Auberry, Poplar, Truxel Road; abandoned right of way (Sutterville Road and Freeport Boulevard) and the limited Facilities Maintenance employees (five) to perform these functions will undoubtedly result in increased
