DISCUSSION

On February 25, 2013, the RT Board authorized staff to release a Request for Proposals (RFP) for Light Rail Vehicle Americans with Disabilities (ADA) Ramps.

Staff released the RFP on March 20, 2013, advertised the solicitation in publications of general circulation and posted it on RT's website under Contracting Opportunities. Eight firms received the RFP. On May 28, 2013, RT received 3 responsive proposals from: Microphor, Inc.; Siemens Industry, Inc. (Siemens proposed 2 options); and UKM Transit Products, Inc. The selection committee, consisting of Laura Espinoza, Maintenance Superintendent, Light Rail; Craig Norman, Senior Systems Engineer; Eric Oparko, Quality Assurance Administrator; Shannon Hurley, Transportation Superintendent, Light Rail; Robert Bonsack, Supervisor, Light Rail Maintenance; and Nick Panos, Safety Specialist II; reviewed the written proposals. The qualifying criteria included Qualifications and Experience, Project Management and Staffing, Project Description and Technical Approach, Compliance with Project Scope, Warranty, Price and Option (metal spray finish for non-slip surface). The Selection Committee completed its evaluation of the written proposals and, based on the results, the Committee determined that oral presentations were not needed and began negotiations with UKM Transit Products, Inc.
