Subject: Status Report on Investigation of Employee Complaints

ISSUE

Receive update on status of investigation of employee complaints.

RECOMMENDED ACTION

Information only.

FISCAL IMPACT

None.

DISCUSSION

On March 22, 2013, the District received complaints from several employees raising a variety of issues related to the District's Equal Employment Opportunities policies. The employees requested that an experienced independent investigator be hired to investigate the complaints and report to a subcommittee of the RT Board of Directors.

On March 26, 2013, the Van Dermeyden Allison Law Corporation was retained to conduct an independent fact-finding investigation of these complaints. Van Dermeyden Allison is an experienced employment law firm that specializes in independent workplace investigations. They were instructed to conduct a fair, thorough, and timely fact-finding investigation of the allegations as expeditiously as possible. The Board committed to monitor the process and requested periodic updates regarding the progress of the investigation.

A representative of Van Dermeyden Allison will report on the status of the investigation.
