

# REGIONAL TRANSIT ISSUE PAPER

Agenda Item No.	Board Meeting Date	Open/Closed Session	Information/Action Item	Issue Date
23	12/08/14	Open	Action	11/21/14

Subject: Receive and File the Comprehensive Annual Financial Report and Utilize the Reserve for Fiscal Year June 30, 2014 Decrease in Net Position.

## ISSUE

Receive and File the Comprehensive Annual Financial Report (CAFR), Reports on Compliance and Internal Controls as required by OMB Circular A-133 and the Transportation Development Act, the Report to the Board of Directors for the Fiscal Year Ended June 30, 2014, and Utilize \$3,342,478 of RT's Reserve for the Fiscal Year ended June 30, 2014 Decrease in Net Position.

## RECOMMENDED ACTION

- A. Motion: Receive and File the Comprehensive Annual Financial Report, Reports on Compliance and Internal Controls as required by OMB Circular A-133 and the Transportation Development Act, the Report to the Board of Directors for the Fiscal Year Ended June 30, 2014; and
- B. Adopt Resolution 14-12-\_\_\_\_\_, Authorizing the Use of \$3,342,478 of RT's Operating Reserve Funds to Fund RT's Decrease in Net Position in the Fiscal Year ended June 30, 2014.

## FISCAL IMPACT

This action will transfer \$3,342,478 from the \$7,904,358 operating reserves, leaving a remaining reserve of \$4,561,880 (See Attachment 1).

## DISCUSSION

Each fiscal year, the District prepares a CAFR and reports on compliance and internal control as required by OMB Circular A-133 and the TDA. In addition, the District annually receives a Report to the Board of Directors which summarizes any opportunities for strengthening internal controls and operating efficiencies.

The District received an unqualified (clean) opinion on the CAFR and OMB Circular A-133 from its auditors, Gilbert Associates, Inc., for the fiscal year ended June 30, 2014. Moreover, no material weaknesses involving the District's financial reporting or internal control processes were identified.

### Financial Results Summary:

The CAFR presentation and classifications are intended to provide a picture of the District's year-end financial position, as well as the results of operations. Overall, and as reflected in the Financial Section of the CAFR (see Attachment 1 – Statement of Revenue and Expenses), the

Agenda Item No.	Board Meeting Date	Open/Closed Session	Information/Action Item	Issue Date
23	12/08/14	Open	Action	11/21/14

Subject: Receive and File the Comprehensive Annual Financial Report and Utilize the Reserve for Fiscal Year June 30, 2014 Decrease in Net Position.

District net position increased by \$26.8 million as of June 30, 2014. This figure is comprised of an operational decrease of \$3.3 million and an increase of \$30.1 million in contributions received in support of the District’s Capital Program. For additional analysis, please refer to the Management Discussion and Analysis (MD&A) section found within the CAFR document starting on page 3.

*Summary*

The CAFR presentation differs from the District’s operating and capital budgets in that the CAFR combines both operating and capital activities. To assist the Board in its review, Attachment 1 is provided to show the District’s operating and capital funds separately. As of June 30, 2014, the District’s operating results were as follows: \$29.2 million in fare revenues, \$144.8 million in operating expenses, and \$112.3 million in non-operating revenues (expenses).

*Budget to Actual Summary*

Budget to actual highlights include a net unfavorable variance in operating expenses of (\$2.8) million, and net unfavorable variances in operating revenues of (\$0.1) million and non-operating revenues of (0.4) million (See Attachment 1).

*Operating Revenues*

The District’s FY2014 total operating revenue and contracted services revenues totaled \$34.7 million. The net unfavorable operating revenues variance of (\$0.1) million was primarily due to a shortfall in expected fare revenue, which may be attributed to lower than anticipated prepaid outlet sales.

*Operating Expenses*

Operating expenses totaled \$144.8 million, which exceeded by \$2.8 million the budgeted operating expenses of \$142.0 million. Labor and fringe benefits are over budget by \$2.2 million due to lower than expected capital labor recovery and labor cost increases associated with ATU and IBEW contract negotiations. Spare parts and supplies are over budget by \$.07 million due to higher than expected costs to repair and maintain aging buses, light rail vehicles, and fare vending machines.

*Non-Operating Revenues (Expenses)*

The net unfavorable non-operating revenue (expense) variance of \$(0.4) million can be attributed to a \$0.6 million decrease in Compressed Natural Gas (CNG) Federal Excise Tax Refunds as a result of the expiration of the tax credit, as well as the lapse of \$0.5 million in Jobs Access Reverse Commute (JARC) funds. These decreases were partially mitigated by one-time real estate license agreements with Qwest Communications, CNG sales, and Fix-50 revenue from Cal Trans.

Agenda Item No.	Board Meeting Date	Open/Closed Session	Information/Action Item	Issue Date
23	12/08/14	Open	Action	11/21/14

Subject: Receive and File the Comprehensive Annual Financial Report and Utilize the Reserve for Fiscal Year June 30, 2014 Decrease in Net Position.

*Operating Results*

The District concluded the FY2014 year with an operating decrease in net position of \$(3.3) million. After accounting for the \$7.9 million reserve in FY2013, the District ended the year with an available reserve of \$4.6 million.

Staff Recommendation:

The following documents (Attachments 1-5) are submitted to the Board for receipt and filing:

- Fiscal Year 2014 Statement of Revenue and Expense per Funding Designations – Attachment 1
- Fiscal Year 2014 Statement of Revenue and Expenses, Operating Budget to Actual Expenses – Attachment 2
- The Comprehensive Annual Financial Report (CAFR) – Attachment 3
- Reports Required by OMB Circular A-133 and Transportation Development Act (TDA) – Attachment 4
- Report to the Board of Directors – Attachment 5

Staff recommends that the Board receive and file the comprehensive annual financial reports as listed and authorize the use of **\$3,342,478** in operating reserve funds against the reserve for the Fiscal Year ended June 30, 2014. Authorizing the use of \$3,345, 478 from the reserve account requires a 2/3rds vote of the Board.

December 8, 2014

### To the Board of Directors and Citizens Served by the Sacramento Regional Transit District:

The Sacramento Regional Transit District (the District) is required to undergo an annual audit in conformity with the provisions of the Single Audit Act and U.S. Office of Management and Budget Circular A-133 as it pertains to audits of state and local governments. State law requires that all local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards accepted in the United States of America and the standards applicable to financial audits contained in *Government Audit Standards* issued by the Comptroller of the United States within 6 months of the close of each fiscal year. Pursuant to that requirement, the District hereby issues the Comprehensive Annual Financial Report (CAFR) of the District for the fiscal years ended June 30, 2014 and 2013.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the District annually commissions an independent audit of its account records, consistent with the Sacramento Regional Transit District Board of Directors' (Board) fiduciary duty to preserve and protect District assets and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The District's financial statements have been audited by Gilbert Associates, Inc., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the District's financial statements for the fiscal years ended June 30, 2014 and 2013, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there are no material weaknesses to report and that there was a reasonable basis for rendering an unmodified opinion that the District's financial statements for the fiscal years ended June 30, 2014 and 2013, are fairly presented in conformity with GAAP.

The independent audit of the financial statements of the District was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements but also on internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the District's separately-issued Single Audit Reports.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the independent auditor's report of Gilbert Associates, Inc.

### **Profile of the District**

The District began operation on April 1, 1973, with the acquisition of the Sacramento Transit Authority. The District is the largest public transportation provider in the Sacramento region, serving a metropolitan population of over 1.4 million with a service area of 418 square miles. In 1971, California legislation allocated sales tax money for local and statewide transit service, and created the organizational framework for the District pursuant to the Sacramento Regional Transit District Act.

An 11-member Board of Directors is responsible for governing the District. The Board is comprised of four members of the Sacramento City Council, three members of the Sacramento County Board of Supervisors, one member of the Rancho Cordova City Council, one member of the Citrus Heights City Council, one member of the Folsom City Council and one member of the Elk Grove City Council. The Board is responsible, among other things, for passing ordinances, adopting the budget, appointing committees and hiring both the District's General Manager/Chief Executive Officer (GM/CEO) and Chief Counsel. The District's GM/CEO is responsible for carrying out the policies and ordinances of the Board for overseeing the day-to-day operations of the District, and for appointing the executive management of the various divisions.

The District provides bus and light rail service 365 days a year covering a 418 square-mile service area. Annual ridership has steadily increased on both the bus and light rail systems from 14 million passengers in 1987, when light rail operations began, to approximately 26 million passengers in fiscal year ended June 30, 2014. The District's entire bus and light rail system is accessible to the disabled community. Additionally, through a contract with Paratransit, Inc., the District provides origin-to-destination transportation service (in accordance with the Americans with Disabilities Act of 1990) for people that are unable to use fixed-route service.

The District's annual budget serves as the foundation for financial planning and control. The budget is a financial plan for one fiscal year of operating revenue and expenses, and capital investments. The plan matches revenues with the service expenses and project cost expenses based on policies set by the District's Board. The budget process follows three basic steps that help provide continuity in decision making: 1.) assess current conditions and needs, and develop goals, objectives, policies and plans; 2.) prioritize projects and develop a work program, and 3.) implement those plans and policies, and prepare to evaluate their effectiveness and shortcomings.

All division executive managers for the District are required to submit requests for appropriation to the GM/CEO by the last business day of January each year. The District's GM/CEO uses these requests as the starting point for developing a proposed budget. The District's GM/CEO then presents this proposed budget to the Board for a 60-day public review period beginning in April. Following the review period, the District is required to hold public hearings on the proposed budget and to adopt a final budget no later than June 30, the close of the District's fiscal year. The budget is prepared by fund (operating or capital), division and department (e.g., safety) or by capital project. The legal level of control is at the fund level, in which budget amendments are authorized by the Board. The responsible division executive manager and the GM/CEO authorize interdivisional transfers. The respective division directors and department managers authorize intra-divisional transfers and the responsible manager authorizes departmental transfers.

### **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the District operates.

#### **Local Economy**

The District operates within the greater Sacramento region. The region, which includes six counties (El Dorado, Placer, Sacramento, Sutter, Yolo and Yuba), has varied state governmental services and a light industrial base. The annual unemployment rate for the Sacramento area in 2014 was 7.1 percent down from 8.9 percent in 2013. The Sacramento region is expected to see 1.8 percent annual job growth in 2015.

Residential construction, as measured by building permits, is projected to increase in fiscal year 2015 and continue to trend slightly higher over the next several years.

A significant portion of the District's operating funds are derived from sales tax revenues. Taxable sales increased by 4.6 percent in the Sacramento region in 2014 compared to 2013. It is estimated that taxable sales in 2015 will increase in the 5.0 percent range as compared to 2014 levels.

An improved housing market and modest job creation is a positive sign for continued economic improvement in the region, which will affect consumer spending.

#### **Major Initiatives**

**TransitAction Plan** – The TransitAction Plan, adopted by the Board in August 2009, represents the District's vision for the next 25 years. Prior to that, the last District's Transit Master Plan was produced in 1993. Since then the Sacramento region has seen significant population growth with an expanding low density land use form. With population and employment locations becoming even more dispersed, it has become even more challenging for the District to provide affordable, effective transit service.

In response to urban sprawl, the Sacramento Area Council of Governments (SACOG) has produced a land use "Blueprint" for the future of the region. The Blueprint is based on "smart growth" principles with a focus on high quality, higher density, mixed-use neighborhoods, which are designed with a greater emphasis on walking, cycling and transit use. These livable communities will be designed with "complete streets" so that there is less reliance on the private car providing for a more sustainable future.

Although the Sacramento region is in a slow growth period, traffic congestion is expected to worsen with long term population growth. The District provides a vital service to the region, but the continuing need remains for a comprehensive incremental change in the quality, coverage and frequency of transit to make it the mobility option of choice.

**TransitRenewal** – In addition, the District implemented the first phase of "TransitRenewal" in September 2012, a comprehensive operational analysis of the District's entire bus and light rail system, gathered from community input and route analysis that resulted in recommendations on how to restore, restructure and "renew" transit service through 2017. Contingent upon sufficient funding, the goal of TransitRenewal is to restore the equivalent of the 20.1 percent of service that was discontinued in June 2010. Service improvements implemented in fiscal year 2013 (September 2012) include extended night service on light rail and nine major bus routes, increased frequency on highly-utilized bus routes, and restructured bus routes to better serve riders. A total of 8.5% of service has been restored toward the TransitRenewal goal.

**South Line Phase 2** – South Line Phase 2 (Blue Line to Cosumnes River College) is the second phase of a two-phased 10.6 mile extension of the existing light rail line south to the City of Elk Grove. Revenue service is scheduled to begin in September 2015. The South Line Phase 2 Project includes the following three components:

- i. Light Rail Extension – The South Line Phase 2 Project will extend the District's light rail system 4.3 miles from the existing terminus at Meadowview Road to Cosumnes River College. Phase 2 involves the construction of four stations with three incorporating park and ride lots. This is an important regional project, as it will improve overall system accessibility, provide jobs and help improve air quality. The August 2013 groundbreaking of the South Line Phase 2 project at the site of the future Franklin light rail station marked the start of an expected two-year construction process of the entire extension. As of June 2014, 40 percent of the light rail extension work is complete,
- ii. Parking Structure – The South Line Phase 2 Project also involves the addition of a four-story, 2,000-space parking structure located at the east entrance of Cosumnes River College. Built through a partnership between RT and the Los Rios Community College District, the parking structure was completed and opened in June 2013. The parking structure opening represented one of the first major milestones of the South Line Phase 2 project. On August 8, 2014 the Sacramento Chapter of the American Public Works Association named the parking structure their 2014 Project of the Year in the New Structure category.
- iii. Aerial Bridges – The South Line Phase 2 Project also includes two aerial (light rail) bridges at Morrison Creek and Cosumnes River Boulevard. The aerial bridges structural work was completed ahead of schedule in December 2013.

## **Green Line to the Airport Light Rail Extension**

The Green Line to the airport light rail expansion project is the continuation of Green Line to the River District (GL-1) (Richards Boulevard Redevelopment Area) across the American River and through South and North Natomas to the Sacramento International Airport.

The project proposes to add 12.8 miles of track and 13 stations, including 7 with park & ride facilities. The funded scope is limited to the Alternatives Analysis (Complete), the Draft Environmental Impact Statement/Environmental Impact Report (DEIS/R) and advanced Conceptual Engineering of key areas along the remaining portion of the corridor.

**Smart Card** – The District, along with SACOG and seven other transit agencies have embarked on a smart card based regional transit fare payment system named “Connect Transit Card,” that will serve customers in the Sacramento region. Included in the list of services to be offered by this program is the ability for the customer to pay for fare products online using a credit or debit card. With the implementation of the program, the District’s goals are to provide improved customer convenience, fare enforcement, real-time revenue settlement, revenue security, an improvement to ridership counts and improved service quality. Much headway on the project was made throughout 2014 by preparing light rail stations and buses with new equipment and prototype testing of the smart card systems. Live operations, starting region wide, is anticipated to commence in 2015.

**Streetcar** – The District with SACOG, the cities of Sacramento and West Sacramento and with the Yolo County Transit District (YCTD) are currently working on the planning and development of a future Streetcar project that would link Midtown, downtown Sacramento, the Bridge District and the City Hall complex in West Sacramento. Nationally, streetcar projects have demonstrated economic benefits and pedestrian mobility improvements and will provide similar benefits for local urban areas like Sacramento. The District will be submitting a Small Starts request to the Federal Transit Administration (FTA) during the beginning of 2015 for the Streetcar project.

**Arena Project-** The District is collaborating with the City of Sacramento on the new Downtown Arena/Entertainment Sports Complex now under construction. The District and the City’s goal is to provide enhanced transit services to serve the anticipated market for the nearly 17,000+ users who will attend the facility at each event. The Arena construction is estimated to be completed by fall 2016.

**Bus Replacement** – The District will take delivery of a new Gillig BRTPlus CNG Bus in November 2014. In addition to the new buses, the District will be procuring new fare boxes that will have the ability to disperse limited use Smart Cards which will complement the Connect Card program. This will be the first of 96 new buses to be procured through January 2017 to replace the District’s aging fleet.

**Light Rail Vehicle Retrofit** – The District is modifying the 21 light rail vehicles acquired from the Santa Clara Valley Transportation Authority to meet its operational requirements and provide service on the expanded light rail system. The vehicle modification is projected to be completed by September 2016.

**Ridership Campaign** – The ridership campaign known as “My Line” Continued in spring of 2014. The goal of the campaign is to encourage new riders to discover the benefits of taking transit. The promotional elements are designed to engage the audience in a personal way, so that they can connect their lifestyle with that of the person featured in the ads.

### **Balanced Funding Concepts**

While the District has extensive plans for future expansion and improvement of light rail and bus services, it faces significant capital replacement and infrastructure maintenance needs for its existing bus and light rail systems. As a result, it is increasingly important to ensure the availability of financial resources to maintain existing levels of service and to fund capital and operating expenditures related to proposed expansion and service improvements. The 25-year vision balances high-priority needs with potential funding. There are three major sources of funding:

- Locally controlled federal and state funding sources (funding given to local governments and agencies to spend on their priority projects)
- Federal discretionary funding sources (designated by the federal government for a specific project)
- Locally raised money (from county sales tax, downtown parking revenues, and development fees)

Most of the federal and state revenues that the District receives are generated by the 5307/5309/5337 federal transit funds and the state transportation account, rather than general funds.

The District has specific and continuing Securities and Exchange Commission (SEC) disclosure requirements (Rule 15c2-12) in connection with the 2012 Series Revenue Bonds. The required continuing disclosure items and their locations within the CAFR are presented on page 72.

The District maintains two combined retirement plan Pension Trust funds for the District’s union employees, which accounts for the retirement fund of the members of ATU and IBEW and another for the District’s salaried employees. Each year, an independent actuary engaged by the respective Retirement Boards calculates the amount of the annual contribution that the District must make to the Trusts to ensure that each retirement plan will be able to fully meet its obligations to retired employees on a timely basis. The District fully funds each year’s annual required contribution to the Trusts as determined by the actuary.

## Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its Comprehensive Annual Financial Report (CAFR) for the fiscal years ended June 30, 2013 and 2012. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state or local government financial reports. This was the 13<sup>th</sup> consecutive year that the District has received this award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR. This report must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of only one year. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of several departments and the tireless efforts of the finance department staff. We would like to express our appreciation to all members of the departments who assisted and contributed to the preparation of this report, with special thanks to Brent Bernegger, CPA, Director of Finance/Treasury; Paul Selenis, Accounting Manager; Jamie Adelman, Senior Accountant; Nadia Mokhov, Senior Financial Analyst; and Jessica Shevlin, Senior Administrative Assistant.

Respectfully Submitted,

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the business-type activities and the pension trust funds of the Sacramento Regional Transit District (the District) as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the pension trust funds of the Sacramento Regional Transit District, as of June 30, 2014 and 2013, and the respective changes in financial position and, where applicable, the cash flows thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

### ***Change in Accounting Principles***

As described in Note 1, the District's pension trust funds adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 67, *Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25*. Our opinion is not modified with respect to this matter.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules of funding progress as listed in the accompanying table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, combining fiduciary fund financial statements and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining fiduciary funds financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fiduciary funds financial statements are fairly stated, in all material respects, in relation to the financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 7, 2014 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

## Management Discussion & Analysis

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

As management of the Sacramento Regional Transit District (District), we offer the readers of the District's financial statements this narrative overview and analysis of the financial activities for the District for the fiscal years ended June 30, 2014 and 2013. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the transmittal letter and financial statements which are included in this report.

### Financial Highlights

- The assets of the District exceeded its liabilities and deferred inflows of resources at June 30, 2014 and 2013 by \$833,231,682 and \$806,462,782 (net position), respectively. Of this amount, \$1,210,865 and \$2,845,191, respectively, is restricted for capital projects, \$2,278,932 and \$2,277,700, respectively, is restricted for debt service, \$816,388,402 and \$799,650,471, respectively, is net investment in capital assets, and \$13,353,483 and \$1,689,420, respectively, is unrestricted.
- The District's total net position increased for the year ended June 30, 2014 by 3.3 percent, or \$26,768,900 compared to the year ended June 30, 2013. The District's total net position increased for the year ended June 30, 2013 by 1.9 percent, or \$14,804,602, compared to the fiscal year ended June 30, 2012. These increases are primarily the result of capital contributions as the District expands its light rail system.
- The District's total liabilities and deferred inflows of resources increased by \$2,570,514 for the fiscal year ended June 30, 2014 and increased by \$114,463,697 during the fiscal year ended 2013. The net increase of \$2,570,514 in fiscal year 2014 is due to borrowing funds under a loan from the State of California to temporarily replace a Federal Transit Administration grant that lapsed due to the application of the Federal Transit Act's "13(c)" provision to the Public Employee Pension Reform Act of 2012. This increase is mitigated by both a reduction in the use of the District's line of credit due to an early receipt of Section 5337 Federal preventive maintenance grant money and scheduled principal debt payments on the District's Revenue Bonds. The net increase of \$114,463,697 in fiscal year 2013 is due to both the District's issuance of Farebox Revenue Bonds, Series 2012, and advances from the State of California's Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 (Proposition 1B). These funds will be used for District capital projects, primarily the South Line Phase 2 light rail extension. Additional information on loans and debt activity can be found in Footnote 7 to the financial statements.
- During the fiscal year ended June 30, 2014, fare revenue decreased by \$601,759 or 2.0 percent from the fiscal year ended June 30, 2013. This decrease is mainly due to a one time revenue recorded in the prior fiscal year stemming from the Los Rios Community College Student Transit Pass Program and riders utilizing their passes more frequently. Non-operating revenue increased by 4.6 percent in fiscal year 2014 due primarily to increases in Local Transportation and Measure A Funds generated by the state sales tax. During the fiscal year ended June 30, 2013, fare revenue increased by \$794,531 or 2.7 from the fiscal year ended June 30, 2012. This increase was due to an increase in ridership from the September 2012 bus and light rail service restoration. Non-operating revenue increased by 4.7 percent due primarily to the increase in Federal preventive maintenance grant funds as well as the internal assignment of allocated State Transit Funds to operations rather than capital improvement.

- Total operating costs increased by 7.3 percent for the fiscal year ended June 30, 2014 and increased by 9.2 percent for the fiscal years ended June 30, 2013. The increase in fiscal year ending June 30, 2014 is primarily due to an increase in labor costs due to contractual rate, pension and medical cost increases as well as increases in security services. The increase in fiscal year ending June 30, 2013 can be attributed to an increase in labor costs due to the restoration of additional service, the end of pay freezes for several employee groups, pension and medical cost increases, security services due to contractual rate increases and additional night service, and paratransit services.

## **Overview of Financial Statements**

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements, which are comprised of the financial statements and the notes to the financial statements.

**Basic Financial statements** – The financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statements of net position present information on all the District's assets, liabilities and deferred inflows, with the difference between these items being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the District's financial position is improving or deteriorating.

The statements of revenues, expenses and changes in net position presents information showing how the District's net position changed during the fiscal years ended June 30, 2014 and 2013. All changes in net position are reported as soon as the underlying event giving rise to the change occurs (such as the receipt of goods and services or submittal of claims for capital and operating revenue) regardless of the timing of related cash flows. In other words, the District reports expenses and revenues on an accrual basis rather than a cash basis. Since the District's primary function is to provide transportation services to the region's citizens and recover costs through user fees and charges, the financial statements include business-type activities. The District serves in a fiduciary capacity for the pension trust funds. The fiduciary fund statements are presented on an accrual basis and are included in these financial statements. The resources of the fiduciary funds are not available to support District programs.

The notes to the financial statements provide additional information that is essential to a full understanding of the financial data provided in the financial statements.

**Statistical Section** – In addition to the basic financial statements this report also includes a statistical section of selected financial information over a 10-year period when available.

## **Analysis of the Financial Statements**

The financial statements provide both short-term and long-term information about the District's overall financial condition. This analysis addresses the financial statements of the District as a whole.

As noted earlier, net position may serve as a useful indicator of a government's financial position over time. In the case of the District, assets exceeded liabilities and deferred inflows by \$833,231,682 and \$806,462,782 at June 30, 2014 and 2013, respectively.

The vast majority of the District's total net position reflects investment in capital assets, less any related debt and unused proceeds used to acquire those assets still outstanding. These capital assets are used to provide bus and light rail services to the greater Sacramento area. Consequently, these assets are not available for future spending. Although the District's net investment in its capital assets is reported net of related debt, resources are needed to repay this debt and must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities. The increase in net position is due primarily to capital contributions as the District expands its light rail system.

A portion of the District's net position represents resources that are subject to external restrictions on how they may be used. Examples include grant funds advanced to the District for specified purposes by other related governmental agencies.

## REVENUES BY SOURCE

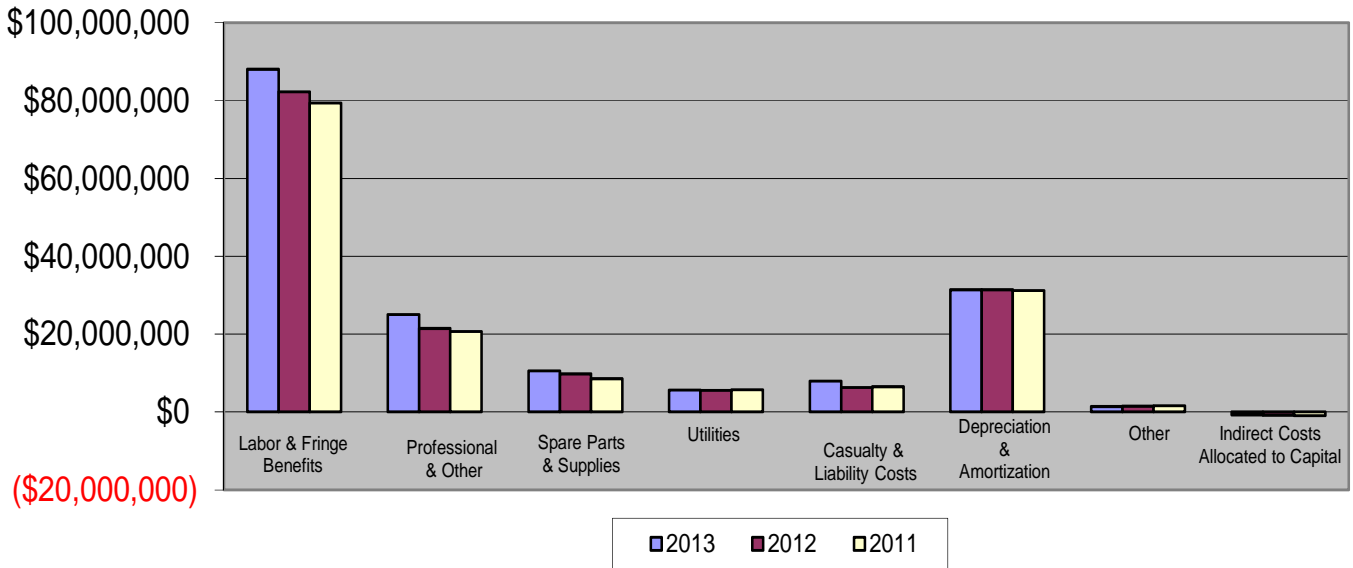

### Revenue

Fares, investment income, contracted services, and other revenue decreased by a combined \$1,042,953 or 2.6 percent for the fiscal year ended June 30, 2014 and increased by a combined \$1,384,044 or 3.5 percent for the fiscal year ended June 30, 2013. The revenue decrease for fiscal year ended June 30, 2014 is primarily due to the decrease in Compressed Natural Gas (CNG) Federal Excise Tax Refunds, as a result of the expiration of the tax credit, and fare revenue. The revenue increase for fiscal year ended June 30, 2013, is primarily due to the 18 month extension of the Compressed Natural Gas (CNG) Federal Excise Tax Credit.

Operating assistance increased by \$5,633,687 or 5.5 percent and \$4,480,574 or 4.6 percent, for the fiscal years ended June 30, 2014 and June 30, 2013, respectively. The increase in fiscal year 2014 is the result of increased Measure A and Local Transportation Funds generated from sales tax. The increase in fiscal year 2013 is the result of an increase in Federal preventive maintenance grant funds as well as the internal assignment of allocated State Transit Funds to operations rather than capital improvement.

The majority of construction and acquisition activities are funded with capital contributions from other governmental units such as federal, state, and local agencies. Capital contributions increased by 49.2 percent and 3.9 percent during the fiscal year ended June 30, 2014 and 2013, respectively. The increase for the years ended June 30, 2014 and June 30, 2013 is primarily the result of the Southline Phase 2 light rail extension.

## OPERATING EXPENSES

### Expenses

Total operating costs increased by 7.3 percent for the fiscal year ended June 30, 2014 and increased by 9.2 percent for the fiscal years ended June 30, 2013. The increase in fiscal year ending June 30, 2014, can be attributed to an increase in Labor and Fringe Benefits and labor costs due to contractual rate, pension and medical cost increases as well as increases in Professional and Other Services. The increase in fiscal year ending June 30, 2013, can be attributed to an increase in labor costs due to the restoration of additional service, the end of pay freezes for several employee groups, pension and medical cost increases, security services due to contractual rate increases and additional night service, and paratransit services.

## **Analysis of the District's Financial Position**

The District's net position provides information on near term inflows, outflows, and balances of spendable resources. The District is reporting unrestricted net position as of June 30, 2014 of \$13,353,483, an increase of \$11,664,063, or 690.4 percent, in comparison with June 30, 2013, which reported unrestricted net position of \$1,689,420, an increase of \$2,215,884, or 420.9 percent from June 30, 2012. The increase in unrestricted net position in fiscal year 2014 was due to capital contributions which was mitigated by an operating loss. The increase in unrestricted net position in fiscal year 2013 was due to operating revenues exceeding operating expenses.

## **Capital Asset and Debt Activity**

As of June 30, 2014, the District's investment in various capital assets, such as bus and light rail vehicles, facilities, land, buildings and equipment increased to \$863,246,803 from \$822,604,999 representing a 4.9 percent increase. As of June 30, 2013, the District's investment in various capital assets increased to \$822,604,999 from \$800,808,218 representing a 2.7 percent increase. Over the past two fiscal years, the most significant addition to the District's capital costs is related to construction in process on the Southline Phase 2 light rail extension project. Additional information on the capital assets can be found in Footnote 4 to the financial statements.

The District's Farebox Revenue Bonds decreased by \$2,993,851 or 3.2% for the fiscal year ended June 30, 2014. The District issued \$86,865,000 of Farebox Revenue Bonds, Series 2012, during the fiscal year ending June 30, 2013 to primarily fund construction on the Southline Phase 2 light rail extension. The District's remaining Certificates of Participation debt of \$5,809,505 were refunded with the new debt issue. The Certificates of Participation notes were distributed in fiscal year 2004 for the purchase of light rail vehicles, trolley vehicles, related equipment and real property to be used as maintenance facilities. The District recorded a liability and a corresponding asset of \$35,062,503 and \$33,351,437 as of June 30, 2014 and 2013, respectively, resulting from its participation in three Lease/Leaseback transactions. Additional information on debt activity can be found in Footnote 6 and 7 to the financial statements.

## **Current Economic Factors and Conditions**

The District has plans for future expansion and improvement of light rail and bus services. As of June 30, 2014, the District has construction contracts and property acquisition commitments of approximately \$112,000,525.

## **Request for Information**

Please address all questions or requests for additional information to the Finance and Treasury Department, Attention: Chief Financial Officer, Sacramento Regional Transit District, 1400 29<sup>th</sup> Street, PO Box 2110, Sacramento CA 95812-2110.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**1. SIGNIFICANT ACCOUNTING POLICIES**

**THE REPORTING ENTITY**

The Sacramento Regional Transit District (District) was established in 1973 pursuant to the Sacramento Regional Transit District Act. The District has the responsibility to develop, maintain, and operate a public mass transit transportation system for the benefit of the residents of the Sacramento area. The District is governed by a Board of Directors appointed by the Sacramento City Council, the Sacramento County Board of Supervisors, the Elk Grove City Council, the Citrus Heights City Council, the Rancho Cordova City Council, and the Folsom City Council.

As required by Governmental Accounting Standards Board (GASB) Statement No. 14 "The Financial Reporting Entity" and its amendment GASB No. 61, the District has reviewed criteria to determine whether other entities with activities that benefit the District should be included within its financial reporting entity. The criteria include, but are not limited to, whether the entity has a significant operational and financial relationship with the District.

The District has determined that no other outside entity meets the above criteria and, therefore, no other entity has been included as a component unit in the District's financial statements. In addition, the District is not aware of any entity that has such a relationship to the District that would result in the District being considered a component unit of that other entity.

**BASIS OF PRESENTATION**

The accounts of the District are organized and operated on the basis of funds, each of which is considered an independent fiscal and accounting entity. The activities of each fund are accounted for with a separate set of self-balancing statements that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues, and expenses, as appropriate. These statements distinguish between the business-type and fiduciary activities of the District. Resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The District's statements are organized into the following fund types:

Proprietary Fund Type

The **Enterprise Fund** distinguishes operating revenues and expenses from non-operating items. The District's operating revenues are generated directly from its transit operations and consist principally of passenger fares. Operating expenses for the transit operations include all costs related to providing transit services. These costs include labor, fringe benefits, materials, supplies, services, utilities, leases, rentals, and depreciation on capital assets. All other revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses. Unrestricted net position for the enterprise fund represents the net position available for future operations.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Fiduciary Fund Type

The **Pension Trust Funds** are used to account for assets held by the District in a trustee capacity. The District maintains the following Pension Trust Funds:

The Amalgamated Transit Union (ATU) Local 256 and International Brotherhood of Electrical Workers (IBEW) Local 1245 Member Retirement Plan Fund (ATU/IBEW) accounts for the retirement funds of members of ATU Local 256 and IBEW Local 1245.

The Salaried Employees Retirement Plan Fund (Salaried) accounts for the retirement funds of the District's salaried employees.

**MEASUREMENT FOCUS AND BASIS OF ACCOUNTING**

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The enterprise fund and the pension trust funds are accounted for on a flow of economic resources measurement focus. This measurement focus emphasizes the determination of increased/decreased net position. The accrual basis of accounting is used for the enterprise fund and the pension trust funds. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. District contributions to the pension trust funds are recognized in the period in which contributions are due, while benefits and refunds are recognized when due and payable in accordance with the pension trust funds plan agreements.

**BUDGETARY INFORMATION**

State law requires the adoption of an annual budget for the enterprise fund, which must be approved by the Board of Directors. The Budget is prepared on an accrual basis. Budgetary control is maintained at several levels. The legal level of control is at the fund level. The Board of Directors authorizes budget amendments to the fund level. Line item reclassification amendments to the budget must be authorized by the responsible manager. Operating expenses are monitored by department managers who are assigned responsibility for controlling their budgets. Emphasis is placed on the total budget for the division. Capital expenses operate under the control of a project-to-date budget.

**CASH AND CASH EQUIVALENTS**

For purposes of the statement of cash flows, the District considers all highly liquid investments with a maturity of three months or less when purchased to be cash and cash equivalents.

**INVESTMENTS**

All investments are reported at fair value measured by quoted market prices.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**RESTRICTED ASSETS**

Restricted Assets consists of monies and other resources, the use of which is legally restricted for capital projects and debt service.

**INVENTORIES**

Inventories are stated at average cost and charged to expense at the time individual items are withdrawn from inventory (consumption method). Inventory consists primarily of parts and supplies relating to transportation vehicles and facilities.

**CAPITAL ASSETS**

Capital assets are stated at historical cost. The cost of normal maintenance and repairs is charged to operations as incurred. Infrastructure, which includes light rail vehicle tracks, has been capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related properties. Depreciation is computed using the straight-line method over estimated useful lives as follows:

Buildings and improvements	30 to 50 years
Buses and maintenance vehicles	4 to 12 years
Light-rail structures and light-rail vehicles	25 to 45 years
Other operating equipment	5 to 15 years

No depreciation is provided on construction in progress until construction is completed and the asset is placed in service.

Interest is capitalized on construction in progress. Accordingly, interest capitalized is the total interest cost from the date of the borrowing until the specified asset is placed in service.

It is the District's policy to capitalize all capital assets with an individual cost of more than \$5,000 and a useful life in excess of one year.

**COMPENSATED ABSENCES**

The District's policy allows employees to accumulate earned unused vacation and sick leave which can be paid to employees upon separation from the District, subject to a vesting policy. These compensated absences are reported and accrued as a liability in the period incurred.

The current portion of the compensated absences is estimated by applying a percentage to the end of the year compensated absences liability. The percentage is calculated by dividing the vacation and sick leave that was liquidated (used/cashed out) during the year by the beginning vacation and sick leave balance.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**FEDERAL, STATE, AND LOCAL GRANT FUNDS**

Grants are accounted for in accordance with the purpose for which the funds are intended. Approved grants for the acquisition of land, buildings, and equipment are recorded as capital contributions as the related grant conditions are met. Approved grants for operating assistance are recorded as revenues in the year in which the related grant conditions are met.

Advances received on grants are recorded as a liability until related grant conditions are met. The Transportation Development Act (TDA) provides that any funds not earned and not used may be required to be returned to their source.

When both restricted and unrestricted resources are available for the same purpose the District uses restricted resources first.

**SELF-INSURANCE**

The District is self-insured up to specified limits for workers' compensation claims, general liability claims, and major property damage. The District accrues the estimated costs of the self-insured portion of claims in the period in which the amount of the estimated loss is determinable.

**USE OF ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**NEW PRONOUNCEMENTS**

For the fiscal year ended June 30, 2014, the District implemented the following new GASB pronouncement:

GASB Statement No. 67 (GASB 67) "Financial Reporting for Pension Plans," an amendment of GASB 25. This statement will revise existing standards for the financial reports of most defined benefit pension plans.

For the fiscal year ended June 30, 2013, the District implemented the following new GASB pronouncements:

GASB Statement 62 (GASB 62), Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements. The objective of GASB 62 is to incorporate certain accounting and financial reporting guidance issued by the Financial Accounting Standards Board (FASB) or American Institute of Certified Public Accountants (AICPA) on or before November 30, 1989, into GASB's authoritative literature.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

GASB Statement No. 63 (GASB 63) "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position." This statement requires that deferred outflows of resources and deferred inflows of resources be reported separately from assets and liabilities. Net assets are now reported as net position. Implementation of this statement has resulted in a change to the format of the basic financial statements and has been applied retroactively

GASB Statement No. 65 (GASB 65) "Items Previously Reported as Assets and Liabilities." The objective of GASB 65 is to reclassify certain items that were previously reported as assets and liabilities as deferred outflows of resources or deferred inflows of resources or to recognize certain items that were previously reported as assets and liabilities as outflows of resources (expenses) or inflows of resources (revenues).

For the year ended June 30, 2013, the beginning net position decreased by \$138,573 as a result of the District's implementation of GASB 65. The District's 2003 Series-C Certificate of Participation issuance costs were previously deferred and amortized.

The following pronouncement will be implemented in fiscal year ended June 30, 2015:

In June of 2012, the GASB issued GASB Statement 68 (GASB 68), "Accounting and Financial Reporting for Pensions" – an amendment of GASB Statement No. 27, with required implementation for the District during the year ended June 30, 2015. GASB 68 is an amendment of GASB Statement 27, "Accounting for Pensions by State and Local Governmental Employers." The primary objective of GASB 68 is to improve accounting and financial reporting by state and local governments for pensions by establishing standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expenses/expenditures. It will require employers to report a net pension liability for the difference between the present value of projected pension benefits for past service and restricted resources held in trust for the payment of benefits. The Statement identifies the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. GASB 68 is required to be implemented retroactively and will require a restatement of beginning net position.

**2. CASH AND INVESTMENTS (Continued)**

**INVESTMENTS**

The District pursues a program of safety, liquidity, and yield in its cash management and investment program in order to achieve maximum return on the Enterprise Fund's available funds. The Enterprise Fund's investment policy (pertaining to investment of surplus funds) is governed by an annual Board adopted policy, which is in compliance with the provisions of Articles 1 and 2 of Chapter 4 of Part 1 of Division 2 of Title 5 of the California Government Code.

The following table identifies the investment types that are authorized by the California Government Code. The table also identifies certain provisions of the California Government Code that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Minimum Rating	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds	5 years	N/A	None	None
U.S. Treasury Obligations	5 years	N/A	None	None
U.S. Agency Securities	5 years	N/A	None	None
Bankers' Acceptances	180 days	N/A	40%	30%

**2. CASH AND INVESTMENTS (Continued)**

A Retirement Board adopted policy, the “Statement of Investment Objectives and Policy Guidelines for the Sacramento Regional Transit District Pension Plans,” governs the Pension Trust Funds’ investments. This Policy focuses on the continued feasibility of achieving, and the appropriateness of, the Asset Allocation Policy, the Investment Objectives, the Investment Policies and Guidelines, and the Investment Restrictions.

The following table identifies the investment types that are authorized by the Retirement Board. The table also identifies certain provisions of the Investment Objectives and Policy that address interest risk, credit risk and concentration of credit risk.

Authorized Investment Type	Maximum Maturity (1)	Minimum Rating	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Municipal Debt	None	Baa	None	None
U.S. Treasury Obligations	None	N/A	None	None
U.S. Agency Securities	None	N/A	None	None
Bankers’ Acceptances	None	N/A	None	None
Commercial Paper	None	A2	None	None
Certificates of Deposit	None	N/A	None	None
Repurchase Agreements with U.S. Treasury and Agency Securities as Collateral	None	N/A	None	None
Corporate Bonds	None	Baa	None	None
Mortgage Pass-Through Securities	None	None	None	None
Collateralized Mortgage Obligations	None	Aaa	None	None
Asset-Backed Securities	None	None	None	None
Mutual Funds	N/A	N/A	25% (2)	5%
Real Estate Investment Trust	N/A	N/A	25% (2)	5%
Depository Receipts	N/A	N/A	25% (2)	5%
Stocks	N/A	N/A	25% (2)	5%

(1) The fixed income portion of the ATU/IBEW and Salaried Plans shall be limited in duration to between 75% and 125% of the benchmark.

(2) No more than 25% of the fair value on the purchase cost basis of the total common stock portfolio (equity securities) shall be invested in a single industry at the time of purchase.

**INVESTMENT RISK FACTORS**

There are many factors that can affect the value of investments such as: interest rate risk, credit risk, custodial credit risk, concentration of credit risk, and foreign currency risk. These types of risks may affect both equity and fixed income securities. Equity securities respond to such factors as economic conditions, individual company earnings performance, and market liquidity, while fixed income securities are particularly sensitive to credit risks and changes in interest rates.

**INTEREST RATE RISK**

Interest rate risk is the risk that the value of fixed income securities will decline because of rising interest rates. The prices of fixed income securities with a longer time to maturity, measured by duration, tend to be more sensitive to changes in interest rates and, therefore, more volatile than those with a shorter duration.

Asset-Backed Securities	-	29,625	750,131	7,971,681	8,751,437
Total Fiduciary Funds	<u>\$ 3,947,781</u>	<u>\$ 20,784,441</u>	<u>\$ 13,159,889</u>	<u>\$ 44,173,365</u>	<u>\$ 82,065,476</u>

**MORTGAGE PASS-THROUGH SECURITIES**

These securities are issued by Government Sponsored Enterprises (GSEs), which are a group of financial services corporations created by the United States Congress. The GSEs include: the Federal National Mortgage Association (Fannie Mae), the Federal Home Loan Mortgage Association (Freddie Mac), and the Federal Home Loan Banks. Another institution that issues these securities is the Government National Mortgage Association (Ginnie Mae). These securities are highly sensitive to interest rate fluctuations because they are subject to early payment. In a period of declining interest rate, the resulting reduction in expected total cash flows affects the fair value of these securities.

**COLLATERALIZED MORTGAGE OBLIGATIONS**

Collateralized mortgage obligations (CMO's) are bonds that represent claims to specific cash flow from large pools of home mortgages. The streams of principal and interest payments on the mortgages are distributed to the different classes of CMO interests.

CMO's are often highly sensitive to changes in interest rates and any resulting change in the rate at which homeowners sell their properties, refinance, or otherwise pre-pay their loans. Investors in these securities may not only be subjected to such prepayment risk, but also exposed to significant market and liquidity risks.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**2. CASH AND INVESTMENTS (Continued)**

**ASSET-BACKED SECURITIES**

Asset-backed securities generate a return based upon either the payment of interest or principal on obligations in an underlying pool. The relationship between interest rates and prepayments make the fair value highly sensitive to changes in interest rates.

**CALLABLE BONDS**

Although bonds are issued with clearly defined maturities, an issuer may be able to redeem, or call, a bond earlier than its maturity date. The District or the Pension Trust Funds must then replace the called bond with a bond that may have a lower yield than the original bond. The call feature causes the fair value to be highly sensitive to changes in interest rates. As of June 30, 2014, the District held callable bonds with a fair value of \$95,325. The ATU/IBEW and Salaried Pension Trust Funds held callable bonds with a fair value of \$3,450,766.

As of June 30, 2013, the District held callable bonds with a fair value of \$44,789. The ATU/IBEW and Salaried Pension Trust Funds held callable bonds with a fair value of \$8,867,269.

**CORPORATE DEBT – RANGE NOTES**

Range notes are securities which pay two different interest rates depending on whether or not a benchmark index falls within a pre-determined range as structured per the note. If the benchmark index rate does not fall within the pre-determined range, the note will not earn the coupon rate for that time period. With this pre-determined range feature, range notes are highly sensitive to changes in interest rate. As of June 30, 2014 and 2013, the District did not hold any of these securities. As of June 30, 2014, the ATU/IBEW and Salaried Pension Trust Funds held range notes with a fair value of \$446,243. As of June 30, 2013, the ATU/IBEW and Salaried Pension Trust Funds held range notes with a fair value of \$461,132.

**CREDIT RISK**

Fixed income securities are subject to credit risk, which is the chance that a bond issuer will fail to pay interest or principal in a timely manner, or that negative perceptions of the issuer's ability to make these payments will cause security prices to decline. The circumstances may arise due to a variety of factors such as financial weakness, bankruptcy, litigation and/or adverse political developments.

A bond's credit quality is an assessment of the issuer's ability to pay interest on the bond, and ultimately, to pay the principal. Credit quality is evaluated by one of the independent bond-rating agencies, for example Moody's Investors Services (Moody's). The lower the rating, the greater the chance, in the rating agency's opinion, that the bond issuer will default, or fail to meet its payment obligations. Generally, the lower a bond's credit rating, the higher its yield should be to compensate for the additional risk.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

**2. CASH AND INVESTMENTS (Continued)**

Certain fixed income securities, including obligations of the U.S. government or those explicitly guaranteed by the U.S. government, are not considered to have credit risk.

For the fiscal years ending June 30, 2014 and 2013, the Pension Trust Funds are in adherence with the credit risk provisions of the Statement of Investment Objectives and Policy Guidelines.

The following tables provide information on the credit ratings and fair value associated with cash and investments as of June 30, 2014:

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

**2. CASH AND INVESTMENTS (Continued)**

**CONCENTRATION OF CREDIT RISK**

Concentration of credit risk is the risk associated with a lack of diversification of having too much invested in a few individual issuers, thereby exposing the organization to greater risks resulting from adverse economic, political, regulatory, geographic, or credit developments.

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. During fiscal years 2014 and 2013, the District had the following investments that comprised more than 5% of total investments in a single issuer aside from the Local Agency Investment Fund (LAIF):

	2014	2013
Federal National Mortgage Association	\$ 405,861	\$ 552,389
Federal Home Loan Mortgage Corporation	364,298	567,216
Federal Home Loan Bank	348,940	472,107
Federal Farm Credit Bank	216,340	439,534
	\$ 1,335,439	\$ 2,031,246

The investment policy of the Pension Trust Funds states that an investment in domestic or international equity fund managers' securities of a single issuer shall not exceed 5% (at cost) of the value of the portfolios and/or of the company's total outstanding shares. None of the Pension Trusts Funds' domestic or international equity fund managers' investments in a single company represents greater than 5% of the value of the portfolios and/or of the company's total outstanding shares. As of June 30, 2014 and 2013, the Plans held more than 5% of the Plans' investments in the following fixed-income securities investments:

	2014	2013
Federal National Mortgage Association	\$ 21,236,745	\$ 20,519,153
Federal Home Loan Bank	13,963,182	-
US Treasury	22,002,362	-

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**2. CASH AND INVESTMENTS (Continued)**

**CUSTODIAL CREDIT RISK**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party.

As of June 30, 2014 and 2013, \$2,579,415 and \$6,927,776 respectively, of the District's deposits were in excess of federal depository insurance (FDIC) limits and were held in collateralized accounts with securities collateralized in the financial institutions' name.

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: the California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure public agency deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2014 and 2013, the District had no investment securities exposed to custodial credit risk. The Pension Trust Funds' investment securities are not exposed to custodial credit risk because all securities are held by the Pension Trust Funds' custodian bank.

**INVESTMENT IN STATE INVESTMENT POOL AND CALTRUST**

The District is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code Section 16429 under the oversight of the Local Investment Advisory Board (LIAB). The LIAB consists of five members as designated by State statute. The fair market value of the District's investment in this pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

The District did not directly enter into any derivative investments. The District's total investment in the LAIF at June 30, 2014 and 2013 was \$84,057,072 and \$119,445,404, respectively. The total fair value amount invested by all public agencies in LAIF at June 30, 2014 and 2013 was \$21,119,834,294 and \$21,212,245,833, respectively. The LAIF is part of the Pooled Money Investment Account (PMIA) whose balances as of June 30, 2014 and June 30, 2013 were \$64,846,169,129 and \$58,803,312,428, respectively. Included in PMIA's investment portfolio are certain derivative securities or similar products in the form of asset-backed securities at June 30, 2014 and 2013, totaling \$1,205,901,000 and \$753,400,000, approximately 1.86% and 1.28% of the total portfolio, and structured notes totaling \$0 and \$400,000,000, approximately 0.00% and 0.68% of the total portfolio, respectively.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
 NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
 FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

**2. CASH AND INVESTMENTS (Continued)**

The District is also a voluntary participant in the Investment Trust of California (CalTRUST) which is a Joint Powers Authority governed by a Board of Trustees made up of local treasurers and investment officers. The Board of Trustees sets overall policy for CalTRUST, and selects and supervises the activities of the Investment Manager and other agents. As of June 30, 2014, the District investment in CalTRUST is \$18,524,048, all of which is invested in the Short Term fund.

**FOREIGN CURRENCY RISK**

The current District investment policy does not address foreign currency risk, which is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit.

The Pension Trust Funds' investment policy states that international equity shall be comprised of American Depository Receipts (ADR) of non-U.S. companies, common stocks of non-U.S. companies, preferred stocks of non-U.S. companies, foreign convertible securities including debentures convertible to common stocks, and cash equivalents.

The following table provides information on deposits and investments held in various foreign currencies, which are stated in U.S. dollars. As of June 30, 2014, and 2013, the District does not have any deposits or investments in a foreign currency; however, the Pension Trust Funds do have foreign currency deposits and investments, which may be used for hedging purposes.

At June 30, 2013, the Pension Trust Funds had no investments held in foreign currency that were being used for hedging purposes. At June 30, 2014, the U.S. dollar balances organized by investment type and currency denominations for the Pension Trust Funds are as follows:

Fiduciary Funds:		Foreign Currency	2014 US Dollars
Cash	EURO	\$	528
Total:		\$	528

**RESTRICTED CASH AND INVESTMENTS**

Enterprise Fund

At June 30, 2014 and 2013, cash and investments include restricted amounts of the District's Enterprise Fund of \$106,253,829 and \$122,708,846, respectively. Amounts represent monies restricted for retirement of debt, developer fee projects, and grantor-approved projects.

Fiduciary Funds

At June 30, 2014 and 2013, cash and investments include restricted amounts of the Pension Trust Funds of \$253,733,244 and \$224,321,107, respectively. Amounts represent funds restricted for employees' retirement.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

**3. PREPAID LEASE**

The District leases parking space from the State of California under a thirty-year lease expiring on June 30, 2017, with a fifteen-year no cost extension option. The total lease rental payments of \$1,500,000 were prepaid by the District and are being expensed over a thirty-year period. The prepaid lease balance at June 30 is summarized as follows:

	2014	2013
Prepaid Lease, Balance	\$ 150,000	\$ 200,000
Less: Current Portion	(50,000)	(50,000)
Prepaid Lease, Non-current	\$ 100,000	\$ 150,000

**4. CAPITAL ASSETS**

Activity for the year ended June 30, 2014 was as follows:

Assets at Cost	Balance June 30, 2013	Additions	Transfers	Deletions	Balance June 30, 2014
Non-Depreciated Capital Assets					
Land*	\$ 85,303,762	\$ 25,045	\$ -	\$ -	\$ 85,328,807
Capital Projects in Process	105,775,522	70,966,168	(7,392,198)	-	169,349,492

Capital Assets, Net	\$ 822,604,999	\$ 40,641,804	\$ -	\$ -	\$ 863,246,803

\*Land and Building – the values of the land and buildings at McClellan Park, approximately \$3.7 million and \$6.7 million, respectively, are included in these figures in anticipation of the District receiving future Fee Simple title. On January 5, 2007, a net lease and purchase agreement was recorded, giving the District a 94-year land and building leasehold and providing for a future transfer of Fee Simple title upon completion of Hazardous Materials clean-up by the United States Air Force.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

**4. CAPITAL ASSETS (Continued)**

Pursuant to such transaction, the District acquired a leasehold interest in multiple buildings and some exterior parking and the right to use certain common areas at McClellan Park (formerly McClellan Air Force Base). Fee Simple title to the property is projected to be transferred to the District within the next two years. Therefore, the current lease in furtherance of conveyance is being reported as a fee simple ownership of the property.

Building – the value of buildings and improvements includes \$29.8 million of progress payments made pursuant to a Lease and Joint Use Agreement with Los Rios Community College District (Los Rios) that provides for the construction of a parking structure at Cosumnes River College. The District and Los Rios have agreed to make joint use of the parking structure and adjacent surface parking. The District's lease payments are the cost of construction. The term of the lease, expected to commence in September 2015 when the South Sacramento Corridor Phase II light rail extension commences revenue operations, is for a period of 51 years with the option to extend for two consecutive 5-year terms. The lease meets the conditions of a capital lease. Los Rios commenced use of the parking garage in June 2013.

In fiscal year 2013, tax exempt Farebox Revenue Bonds were issued to finance specific transit related improvements. Accordingly, interest in the amount of \$2,743,582 was capitalized in fiscal year 2014.

Activity for the year ended June 30, 2013 was as follows:

Assets at Cost	Balance June 30, 2012	Additions	Transfers	Deletions	Balance June 30, 2013

In fiscal year 2013, tax exempt Farebox Revenue Bonds were issued to finance specific transit related improvements. Accordingly, interest in the amount of \$2,055,956 was capitalized.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

**5. LINE OF CREDIT**

For the purpose of short-term borrowing needs, the District has an unsecured line of credit (LOC) agreement with U.S. Bank National Association. The purpose of the line of credit is to meet the District's liquidity needs stemming from the timing of cash receipts from Federal and State awards. The line of credit with Wells Fargo Bank expired June 30, 2013. The District extended the line of credit from Wells Fargo Bank in the amount of \$25,000,000 through December 28, 2013. Subsequently, the District entered into an agreement with U.S. Bank for a \$29,000,000 line of credit with an effective date of November 1, 2013 and with an expiration date of October 31, 2014. Amendment No. 1 extended the line of credit facility to January 29, 2015. The line of credit with Wells Fargo Bank was closed out on November 1, 2013. The interest rate with Wells Fargo Bank was at either current LIBOR plus one and one-half percent on a fixed basis or current Prime on a variable basis. The interest rate with U.S. Bank for the used portion of the LOC was at LIBOR plus one percent and the unused portion was a fixed 0.575%.

As of June 30, 2014 and June 30, 2013, the District is in compliance with the short-term borrowing requirements stated under the California Government Code. Due to a cross-covenant requirement, related to the 2008 downgrade of AIG and Ambac, on the Wells Fargo Bank LOC and the SILO transaction, the District was required to seek matching forbearance from Wells Fargo Bank. Wells Fargo Bank provided matching extensions on the SILO transactions and the LOC from the onset of the downgrades of AIG and Ambac.

In addition to the forbearance related to the downgrade of AIG and Ambac, the SILO transaction required the District to replace U.S. Treasury Obligations if their rating fell below "Aaa" from Moody's or "AAA" from S&P. In August of 2011, S&P downgraded the U.S. Treasury Obligation to "AA+" which required the District to receive a cross-covenant forbearance from Wells Fargo Bank through June 30, 2013. On June 28, 2013 and October 1, 2013, Wells Fargo Bank extended that cross-covenant forbearance to September 30, 2013 and December 28, 2013, respectively. On October 16, 2013, the equity investor, District and Ambac agreed to amend the minimum rating requirements for the U.S. Treasury Obligations to "Aa2" from Moody's and "AA" from S&P. This, in conjunction with the termination of the Wells Fargo Bank Line of Credit on November 1, 2013, has removed the need for the District to seek additional cross-covenant forbearance as the U.S. Treasury's ratings by Moody's and S&P have remained consistent. Should those ratings decline, further forbearance would be required.

The LOC balance at June 30, 2014 and 2013, is summarized as follows:

	<u>2014</u>	<u>2013</u>
Beginning Balance	\$ 21,800,000	\$ 10,000,000
Draws	54,400,000	42,400,000
Payments	<u>(62,900,000)</u>	<u>(30,600,000)</u>
Ending Balance	<u>\$ 13,300,000</u>	<u>\$ 21,800,000</u>

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**6. LEASES**

**OPERATING LEASES**

The District leases buildings, parking lots, and office facilities under non-cancelable operating leases. Total cost for such leases was \$365,255 and \$368,532, for the fiscal years ended June 30, 2014 and 2013, respectively. The future minimum lease payments for these leases are as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2015	\$ 343,890
2016	317,058
2017	180,224
Total	<u>\$ 841,172</u>

**CAPITAL LEASES**

**FINANCE OBLIGATIONS UNDER CAPITAL LEASE/LEASEBACK**

In December 2005, January 2006, and September 2007, the District entered into separate leveraged lease/leaseback transactions over a total of 50 light rail vehicles (the "Equipment"). Each transaction was structured as a head lease of the Equipment (the "Head Lease") to a special purpose trust created by an equity investor and a simultaneous sublease of the Equipment back to the District (the "Sublease"). Under the Sublease agreements, the District retains the right to use the light rail vehicles and is also responsible for their continued maintenance and insurance. Each Sublease Agreement provides the District with an option to purchase the Equipment at the end of the applicable Sublease term on specified dates between June 2030 and September 2035 for an aggregate purchase price of \$97,932,090.

At the closing of the lease/leaseback transactions the light rail vehicles had a fair value of approximately \$223,880,000 and a net book value of \$94,822,528. The District received an aggregate of \$223,880,000 from the equity investor in full prepayment of the Head Leases. The District deposited a portion of the prepaid Head Lease payments with debt payment undertakers whose repayment obligations were guaranteed by American International Group Inc. ("AIG"). The District also deposited a portion of the prepaid Head Lease payments with an equity payment undertaker whose obligations, which were collateralized with U.S. agency securities and guaranteed by AIG, matured at such times and in such amounts that correspond to the purchase option payment dates and amounts for the Equipment under each Sublease. Although these escrows do not represent a legal defeasance of the District's obligations under the Subleases, management believes that these transactions were structured in such a way that it was not probable that the District would need to access other monies to make Sublease payments.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**6. LEASES (Continued)**

In addition, the District purchased surety bonds from Ambac Assurance Corporation (“Ambac”), a bond insurance company, to guarantee certain termination payments that are in the nature of stipulated damages, by the District in the event the lease/leaseback transactions were terminated, in whole or in part, prior to each Sublease expiration payment date.

The lease/leaseback transactions resulted in a net cash gain to the District of \$11,820,731, which was deferred and is being amortized over the lives of the Subleases. At June 30, 2014, and 2013, the District had a balance of \$8,605,138 and \$9,024,901, respectively, as deferred gain on the lease/leaseback transactions. In each of the fiscal years ending June 30, 2014, and 2013, the District amortized \$419,763 of such deferred gain.

The District’s lease/leaseback transactions have been recorded similar to capital leases in that the present value of the future lease payments has been recognized on the Statement of Net Position as a Lease/Leaseback payable.

The original terms of the lease/leaseback transactions required the District to replace (1) AIG as debt payment undertaker if its ratings were to fall below “A3” from Moody’s Investor Services (“Moody’s”) or “A-” from Standard & Poor’s Rating Group (“S&P”), (2) AIG as equity payment undertaker if its ratings were to fall below “A2” from Moody’s or “A” from S&P and (3) Ambac as surety provider if its ratings were to fall below “Aa3” from Moody’s or “AA-” from S&P, in each case within a specified period of time following demand by the equity investor.

In July 2011, the lease/leaseback transactions were restructured to (1) eliminate any minimum rating requirements applicable to Ambac, (2) reduce the minimum rating requirement applicable to AIG as debt payment undertaker guarantor to “Baa3” from Moody’s and “BBB-” from S&P, (3) replace AIG as equity payment undertaker and guarantor with U.S. Treasury Obligations that matured by such dates and in such amounts that correspond to the purchase option dates and amounts for the Equipment under each Sublease and (4) extend the time periods for any of the District’s remaining replacement obligations to one year.

No payments under the debt payment undertaking agreements remain.

Under the terms of the July 2011 restructuring, the District was required to replace the U.S. Treasury Obligations if the rating fell below “Aaa” from Moody’s or “AAA” from S&P. In August 2011, S&P downgraded the U.S. Treasury Obligation to “AA+”. On October 16, 2013, the equity investor, District and Ambac agreed to amend the minimum rating requirements for the U.S. Treasury Obligations to “Aa2” from Moody’s and “AA” from S&P (the “October Amendment”).

As a result of the October Amendment, the District is in full compliance with the terms of the lease/leaseback transactions.

As U.S. Treasury Obligations, held in trust, will mature to satisfy the purchase option for the Equipment under each Sublease, the District has recorded the amounts held by the trustee, US Bank, as Deposits for Lease/Leaseback Payables on the Statements of Net Position. The obligation under the lease agreements and the investments held to pay the lease/leaseback obligation are adjusted annually to reflect the change in the net present value of the related sublease and buy-out options. At June 30, 2014 and 2013, the balance of this deposit was \$35,062,503 and \$33,351,437, respectively.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

**7. LONG-TERM DEBT**

**FAREBOX REVENUE BONDS (Revenue Bonds), SERIES 2012**

In November 2012, the District issued Revenue Bonds totaling \$86,865,000 with interest rates ranging from 3% to 5%. The Revenue Bonds were issued to (i) finance a portion of the costs of an extension to the District's light rail system and related improvements and acquisition of certain buses and other vehicles and other capital projects, and to (ii) refund all of the outstanding Farebox Revenue Certificates of Participation (COP), 2003 Series-C. The Revenue Bonds are a special obligation of the District and are secured solely by a pledge of farebox revenues through 2042.

The Series 2012 Bonds maturing on and after March 1, 2021, shall be subject to redemption prior to their respective stated maturities, at the option of the District, from any source of available funds. The Bonds maturing on March 1, 2036, bearing an interest rate of either 4% or 5%, will also be subject to redemption in part, by lot, from mandatory sinking account payments required by the Indenture on each March 1 on or after March 1, 2033, at the principal amount of the Series 2012 Bonds to be redeemed plus accrued interest, if any. The Series 2012 Bonds maturing on March 1, 2042, will also be subject to redemption in part, by lot, from mandatory sinking account payments required by the indenture on each March 1 on or after March 1, 2037, at the principal amount of the Series 2012 Bonds to be redeemed plus accrued interest, if any.

The total principal and interest remaining to be paid on the Revenue Bonds was \$155,048,250 and \$161,881,350 at June 30, 2014 and 2013, respectively. Interest paid was \$4,123,100 and \$1,225,477 for the fiscal years ending June 30, 2014 and 2013, respectively. Annual principal and interest payments on the Revenue Bonds are expected to require approximately 23% of total farebox revenues. Farebox revenues were \$29,156,920 and \$29,758,679 for the fiscal years ending June 30, 2014 and 2013, respectively.

As of June 30, 2014, debt service requirements to maturity are as follows:

Fiscal Year Ending June 30,:	Principal	Interest	Total
2015	\$ 2,795,000	\$ 4,041,800	\$ 6,836,800
2016	1,530,000	3,957,950	5,487,950
2017	1,595,000	3,896,750	5,491,750
2018	1,655,000	3,832,950	5,487,950
2019	1,740,000	3,750,200	5,490,200
2020-2024	10,095,000	17,355,750	27,450,750
2025-2029	12,880,000	14,567,500	27,447,500
2030-2034	16,360,000	11,087,100	27,447,100
2035-2039	20,555,000	6,883,750	27,438,750
2040-2042	14,950,000	1,519,500	16,469,500
Total	<u>\$ 84,155,000</u>	<u>\$ 70,893,250</u>	<u>\$ 155,048,250</u>

As of June 30 2014 and 2013, the unamortized premium associated with the Revenue Bonds was \$7,851,633 and \$8,135,484, respectively. The amortization of the premium for fiscal years ended June 30 2014 and 2013, was \$283,851 and \$178,984.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**7. LONG-TERM DEBT (Continued)**

**PRIOR YEAR DEFEASANCE**

During the year ended June 30, 2013, the District utilized a portion of the 2012 Revenue Bond proceeds to perform a current refunding of the 2003 Series-C Certificates of Participation. Proceeds of the 2012 Revenue Bonds were deposited into an irrevocable trust to legally defease the COPs 30 days after issuance of the Revenue Bonds. This refunding resulted in a gain on extinguishment of debt of \$154,904.

The net cash flow to continue normal payments on the 2003 COPs through 2015 was \$4,680,016, at the time of refunding. The refunding debt service payments total \$4,838,528, for a loss of \$158,512.

However, an economic gain (difference between the present value of the old and new debt service payments) was generated by the current refunding of the 2003 COPs. The economic gain was determined via present value of savings from cash flow of (\$139,827) plus the refunding cash on hand of \$364,972, providing an economic gain of \$225,145.

**LOANS PAYABLE**

Loans payable at June 30, 2014 include \$13,988,074 received in November 2013 from the Public Transportation account (PTA) in the State Transportation Fund pursuant to Section 2 of Chapter 527, Statutes of 2013 (AB 1222). The loan was extended by the State to temporarily replace a Federal Transit Administration grant that lapsed due to the application of the Federal Transit Act's "13(c)" provision to the California Public Employee Pension Reform Act of 2013 (PEPRA). The federal funds remain appropriated and the issue is in litigation. The loan is due on or before 60 days after either a federal district court rules that the US Department of Labor erred in determining that application of PEPRA precludes certification under subsection (b) of Section 5533 of Title 49 of the United States Code or certification by the US Department of Labor that results in the receipt of the federal grant funds but, in any case, no later than January 1, 2019. The PTA loan accrues interest at the rate earned by the State Pooled Money Investment Account at the time of the loan which was 0.266%. As of June 30, 2014, the principal balance of the PTA loan was \$13,988,074 and accrued interest was \$24,495.

Loans payable at June 30, 2013 include \$7,000,000 from Sacramento County developer fees and \$1,642,509 from Environmental Council of Sacramento (ECOS) lawsuit proceeds. The developer fees were collected pursuant to Sacramento County Ordinance No. 742 (August 31, 1988), as amended, which established transit impact fees for new development. The District was named as the trustee of the funds and is authorized to expend the funds for specified transit purposes. The developer fees were available to be loaned as they have been collected but not yet designated for specific projects. In 2009, \$7,500,000 was committed to the District resulting from a settlement between the California Department of Transportation, ECOS and Neighbors Advocating Sustainable Transportation. The District is to use these funds for signal improvements on the Gold Line and to operate limited stop express trains and increase frequency to and from the Hazel light rail station. The ECOS lawsuit proceeds were available to be loaned as the funds will not be needed until the Gold Line is double-tracked to Folsom. The purpose of these loans was to complete the construction of the Green Line to the River District.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

**7. LONG-TERM DEBT (Continued)**

The developer fees and ECOS loans were due in one installment on October 1, 2014, and accrued interest at 1.5% per annum, or the actual rate earned by the Local Agency Investment Fund (LAIF), whichever was greater.

During the fiscal year ended June 30, 2014, the principal and accrued interest balance of the developer fees and ECOS loans were paid back and balances held reclassified as advances from local governments.

**CHANGES IN LONG-TERM LIABILITIES**

Long-term liability activity for the fiscal year ended June 30, 2014, was as follows:

	Beginning Balance	Additions	Deductions	Ending Balance	Due Within One Year
2012 Revenue Bonds	\$ 86,865,000	\$ -	\$ (2,710,000)	\$ 84,155,000	\$ 2,795,000

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

**8. FUNDING SOURCES**

The District is dependent upon funds from several sources to meet its operating, maintenance, and capital requirements. The receipt of such funds is controlled by statutes, the provisions of various grant contracts, regulatory approvals, and, in some instances, is dependent on the availability of grantor and local matching funds.

**FEDERAL GRANTS**

Federal grant funding is obtained from the Federal Transit Administration (FTA) and Department of Homeland Security. Federal funding for the fiscal years ended June 30 is comprised of the following:

	<u>2014</u>	<u>2013</u>
Operating assistance grants:		
FTA Section 5307	\$ 19,755,604	\$ 20,398,959
FTA Section 5337	9,764,225	8,872,128
FTA Section 5309	2,744,338	758,480
Dept of Homeland Security	209,460	232,613
FTA Section 5316	114,212	613,188
FTA Section 5304	32,236	84,855
FTA Section 5305	-	46,533
Total Federal operating assistance grants	<u>32,620,075</u>	<u>31,006,756</u>
Capital grants:		
FTA Section 5309	44,146,247	6,017,750
FTA ARRA	3,034,209	2,814,815
STP and CMAQ	663,603	164,891
FTA Section 5307	664,499	288,251
FTA Section 5317	3,163	45,460
Total Federal capital grants	<u>48,511,721</u>	<u>9,331,167</u>
Total Federal operating and capital grants	<u>\$ 81,131,796</u>	<u>\$ 40,337,923</u>

The FTA retains its interest in assets acquired with Federal funds should they be disposed of before the end of their economic lives or not used for public transit.

Under provisions of Section 5307 of the Urban Mass Transportation Act of 1964, as amended, Federal resources are made available for planning, capital, and operating assistance, subject to certain limitations. Funds are apportioned annually based on a statutory formula and are available for a period of three years following the close of the fiscal year for which they were apportioned. Any unobligated funds at the end of such period revert to the federal government. In general, funds received for operations must, at a minimum, be matched 50% with local contributions and funds for capital projects must be matched 20% with local contributions.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

**8. FUNDING SOURCES (Continued)**

**STATE AND LOCAL GRANTS**

The District qualified for and received distributions from Local Transportation Funds and State Transit Assistance under claims approved by the Sacramento Area Council of Governments (SACOG) in accordance with provisions of the Transportation Development Act (TDA).

State and local grant funding for the fiscal years ended June 30, is comprised of the following:

	2014	2013
Operating assistance grants:		
Measure A Sales Tax Revenue	\$ 33,922,401	\$ 32,368,073
Local Transportation Funds	34,608,256	30,043,310
State Transit Assistance	6,765,152	8,864,058
Total state and local operating assistance grants	75,295,809	71,275,441
Capital grants:		
Measure A Sales Tax Revenue	140,974	3,948,821
State Transit Assistance	3,021,887	888,914
Public Transportation Account	814,424	4,668,046
Traffic Congestion Relief Program	42,330	1,120,248
Proposition IB	14,423,944	22,789,299
Proposition 1A	57,946	-
City of Sacramento	-	104,962
County of Sacramento	11,510	568,330
Department of Transportation	39,416	54,405
Developer Fees	271,328	1,297,289
Sacramento Housing and Redevelopment	-	537
California Energy Commission	-	394,294
Other	75,664	1,350
Total state and local capital grants	18,899,423	35,836,495
Total state and local grants	\$ 94,195,232	\$ 107,111,936

**ADVANCES FROM OTHER GOVERNMENTS**

Advances at June 30, consisted of the following:

	2014	2013
Proposition IB	\$ 26,914,210	\$ 32,716,928
Developer Fees	10,446,714	3,062,608
ECOS	1,673,370	-
Other	27,561	198,567
Total advances from other governments	\$ 39,061,855	\$ 35,978,103

The advances from other governments are utilized principally for capital funding.

FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**9. FARE REVENUE RATIO**

The District is required to maintain a fare revenue-to-operating expense ratio of 25.50% in accordance with the Transportation Development Act. To demonstrate compliance with this Fare Revenue Ratio, the District has supplemented, per California Public Utilities Code Section 99268.19, a portion of its Local Measure A funds in order to meet the required ratio. The fare revenue-to-operating expense ratio for the District is calculated as follows for the fiscal years ended June 30:

	2014	2013
Fare Revenues	\$ 29,156,920	\$ 29,758,679
Local Fund Supplementation (Measure A)	8,441,154	5,369,860
Total Revenues	\$ 37,598,074	\$ 35,128,539
Operating Expenses	\$ 181,425,509	\$ 169,139,058
Less Allowable Exclusions:		
Depreciation and Amortization	(33,982,082)	(31,380,082)
Net Operating Expenses	\$ 147,443,427	\$ 137,758,976
Fare Revenue Ratio	25.50%	25.50%

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**10. PENSION PLANS**

**DESCRIPTION OF PLANS**

The District contributes to three single-employer defined benefit pension plans: The Sacramento Regional Transit District Retirement Plan for members of ATU, Local 256 (the ATU Plan), the Sacramento Regional Transit District Retirement Plan for members of IBEW Local 1245 (the IBEW Plan), and the Sacramento Regional Transit District Retirement Plan for Salaried Employees who are members of the Administrative Employees' Association (AEA), Management and Confidential Employees Group (MCEG), and the American Federation of State, County and Municipal Employees (AFSCME) (Salaried Plan). The ATU Plan and the IBEW Plan are accounted for by the District as one Plan (collectively, the "ATU/IBEW Plan").

The plans are administered by the District under the direction of five separate Retirement Boards of Directors, each representing one of the aforementioned bargaining and employee groups of ATU, IBEW, AEA, AFSCME and MCEG. Each Retirement Board is comprised of equal representation; District Management by a member from the District's Board of Directors and General Manager, and two members from the represented group. Each Board member serves a four year term, with no limit on the amount of terms that can be served. All expenses incurred in the administration of the plans are paid by the plans, with the exception of the yearly financial statement audit fees.

Each plan provides retirement, disability, and death benefits to plan members and beneficiaries. The District's Board of Directors and the collective bargaining groups jointly establish and amend benefit provisions for the ATU/IBEW and Salaried Plans. The ATU/IBEW Plan and the Salaried Plan issues a publicly available combined financial report that includes financial statements and required supplementary information. The ATU/IBEW and Salaried Pension Plans implemented GASB 67, Financial Reporting for Pension Plans, for the fiscal year ended June 30, 2014. Refer to the separately issued financial statements for all required disclosures including the required supplementary information Schedules of Changes in the Net Pension Liability and Related Ratios and the Schedules of District Contributions. The report may be obtained by writing to Sacramento Regional Transit District, Attention: Chief Financial Officer, P.O. Box 2110, Sacramento, CA 95812.

For the ATU/IBEW Plan, the ATU members will fully vest after ten years of service and the IBEW members will fully vest after five years of service. For the Salaried Plan, members represented by the AEA and MCEG fully vest after five years of service. The members of AFSCME fully vest after nine years of service.

The Public Employees' Pension Reform Act (PEPRA) of 2013 created new pension rules for employees hired after January 1, 2013. 'PEPRA employees' were hired under both the ATU/IBEW Plan and the Salaried Plan. The benefits under PEPRA were reduced in an effort to reduce the pension liability of local agencies in the state of California.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**10. PENSION PLANS (Continued)**

**FUNDING POLICY**

The District's contribution rates for retirement benefits are determined using the entry age normal cost method. During the fiscal year ended June 30, 2014, the District made 100% of the actuarially determined contributions to the ATU/IBEW and Salaried Plans of \$9,711,107 and \$6,609,083, respectively, for both PEPRA and non-PEPRA employees. For the fiscal year ended June 30, 2013, the District made 100% of the actuarially determined contributions to the ATU/IBEW and Salaried Plans of \$8,693,568 and \$5,799,546, respectively.

**Non-PEPRA Employees**

For the fiscal year ended June 30, 2014 and 2013, the actuarially determined rate for the ATU/IBEW Plan was 26.27% and 24.27%, respectively, of covered payroll. For the fiscal year ended June 30, 2014 and 2013, the actuarially determined rate for the Salaried Plan was 29.95% and 27.71%, respectively, of covered payroll. No contributions are required by the ATU/IBEW and Salaried Plans' members pursuant to each respective bargaining agreement for employees hired before January 1, 2013; however, ATU/IBEW Plan members can buy-back service.

**PEPRA Employees**

As of January 1, 2013, all new employees were required to contribute 50% of the normal cost of the pension benefit. The employee contributions for the fiscal year ending June 30, 2014 were 5.75% or \$22,425 and 4.75% or \$1,678, for the ATU/IBEW Plan and the Salaried Plan, respectively. The employee contributions for the fiscal year ending June 30, 2013 were 5.75% or \$13,346 and 4.75% or \$1,070, for the ATU/IBEW Plan and the Salaried Plan, respectively. The employer portion of the actuarially determined rate for the ATU/IBEW Plan and Salaried Plan was 18.18% and 21.61%, respectively, of covered payroll for the fiscal year ended June 30, 2014. The employer portion of the actuarially determined rate for the ATU/IBEW Plan and Salaried Plan was 17.29% and 21.52%, respectively, of covered payroll for the fiscal year ended June 30, 2013. Assembly Bill 1222 provided a temporary exemption to the PEPRA rules and all employee contributions were refunded in November 2013. Subsequently, on September 28, 2014 Assembly Bill 1783 was signed by Governor Brown which extends the Districts PEPRA exemption to January 1, 2016.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**11. POST-EMPLOYMENT BENEFITS**

**DESCRIPTION OF THE PLANS**

The District provides health care benefits under the provisions of the Personnel Rules and Procedures for active and retired members of AEA, AFSCME, MCEG, ATU, and IBEW. The District also provides life insurance benefits to active and retired members of the AEA, AFSCME, and MCEG. Beginning on May 1, 2011, the active and retired members of the ATU were provided certain health care benefits. Beginning July 1, 2011, the active and retired members of the IBEW began receiving certain health care benefits. The benefits are mandated by contracted agreements between the District and the respective employee groups and may be amended at any time. These members and their dependents may become eligible for such benefits if the employees reach normal retirement age while working for the District. These benefits and similar benefits for active employees are provided through an insurance company whose premiums are based on the benefits paid during the year.

The District established an irrevocable trust under the California Employer's Retiree Benefit Trust Program (CERBT) to prefund subsidized medical, dental and life insurance for the AEA, AFSCME, and MCEG as well as life insurance and subsidized medical benefits for the ATU and IBEW active and retired members. The funds in the CERBT are held in trust and will be administered by the California Public Employees' Retirement System (CalPERS) as an agent multiple-employer plan. Benefit provisions are established and may be amended by District labor agreements which are approved by the Board of Directors. The District's Other Post-Employment Benefits (OPEB) financial statements will be included in the CalPERS CAFR. Copies of the CalPERS' CAFR may be obtained from the CalPERS Executive Office – 400 P Street – Sacramento, CA 95814.

**FUNDING POLICY**

The District received Board approval on July 25, 2011, to create sub-accounts within the AEA, AFSCME, and MCEG's irrevocable trust to prefund the ATU and IBEW's required contribution for their respective health benefits. The obligation of the District to contribute to the plans is established by the Board of Directors. The District currently funds the OPEB at 100% of the ARC for all plans.

The District contributes for retired members of AEA, AFSCME, and MCEG 90% or 92% of the cost for plan members hired after 1993, and 100% for plan members hired prior to 1994. The District is required to contribute the unequal minimum required contribution set under the Public Employees' Medical & Hospital Care Act (PEMHCA) for retired members of the ATU and IBEW. A total of six hundred and nineteen (619) and six hundred and two (602) employees and/or their beneficiaries were eligible to receive such benefits at June 30, 2014, and 2013, respectively.

The District's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The CERBT fund, which is an IRC Section 115 Trust, is set up for the purpose of (i) receiving employer contributions to prefund health and other post-employment benefits for retirees and their beneficiaries, (ii) invest contributed amounts and income therein, and (iii) disburse contributed amounts and income therein, if any, to pay for costs of administration of the fund and to pay for health care costs or other post-employment benefits in accordance with the terms of the District's OPEB plan.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

**11. POST-EMPLOYMENT BENEFITS (Continued)**

**ANNUAL OPEB COST AND NET OPEB OBLIGATION FOR THE HEALTH BENEFITS FOR THE AEA, AFSCME, AND MCEG**

The ARC for the fiscal year ended June 30, 2014, was determined as part of the July 1, 2013, actuarial valuation. The ARC amount was \$2,657,386. For the fiscal years ended June 30, 2014 and 2013, the District's annual OPEB cost (expense) was \$2,657,386 and \$2,339,439, respectively. The following table shows the components of the District's annual OPEB cost for the fiscal year, the amount actually contributed to the plan, and the changes in the District's net OPEB obligation to the plan:

	2014	2013
Annual Required Contribution	\$ 2,657,386	\$ 2,339,439
Interest on Net OPEB Obligation	-	-
Adjustment to Annual Required Contribution	-	-
Annual OPEB Cost (Expense)	2,657,386	2,339,439
Contributions Made	(2,657,386)	(2,339,439)
Increase (Decrease) in Net OPEB Obligation	\$ -	\$ -

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the fiscal years ended June 30, 2014, and the two preceding years were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
6/30/2012	\$ 2,257,740	100.0%	-
6/30/2013	\$ 2,339,439	100.0%	-
6/30/2014	\$ 2,657,386	100.0%	-

**FUNDING STATUS AND FUNDING PROGRESS**

The funded status of the plan as of July 1, 2013, was as follows:

Actuarial Accrued Liability (AAL)	\$ 35,136,753
Actuarial Value of Plan Assets	8,955,829
Unfunded Actuarial Accrued Liability (UAAL)	\$ 26,180,924
Funded Ratio (Actuarial Value of Plan Assets/AAL)	25.49%
Covered Payroll (Active Plan Members)	\$ 20,536,194
UAAL as a Percentage of Covered Payroll	127.49%

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

**11. POST-EMPLOYMENT BENEFITS (Continued)**

**ANNUAL OPEB COST AND NET OPEB OBLIGATION FOR THE ATU HEALTH BENEFITS**

The ARC for the fiscal year ended June 30, 2014, was determined as part of the July 1, 2013 actuarial valuation. As of June 30, 2014 and 2013 the ARC was \$565,105 and \$781,898, respectively. The following table shows the components of the District's annual OPEB cost for the fiscal year, the amount actually contributed to the plan, and the changes in the District's net OPEB obligation to the plan:

	2014	2013
Annual Required Contribution	\$ 565,105	\$ 781,898
Interest on Net OPEB Obligation	-	-
Adjustment to Annual Required Contribution	-	-
Annual OPEB Cost (Expense)	565,105	781,898
Contributions Made	(565,105)	(781,898)
Increase (Decrease) in Net OPEB Obligation	\$ -	\$ -

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the fiscal years ended June 30, 2014, and the preceding two years were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
06/30/2012	\$ 750,236	100.0%	\$ -
06/30/2013	\$ 781,898	100.0%	\$ -
06/30/2014	\$ 565,105	100.0%	\$ -

**FUNDING STATUS AND FUNDING PROGRESS**

The funded status of the plan as of July 1, 2013, was as follows:

Actuarial Accrued Liability (AAL)	\$ 6,014,079
Actuarial Value of Plan Assets	1,598,780
Unfunded Actuarial Accrued Liability (UAAL)	\$ 4,415,299
 Funded Ratio (Actuarial Value of Plan Assets/AAL)	 26.58%
 Covered Payroll (Active Plan Members)	 \$ 22,883,006
UAAL as a Percentage of Covered Payroll	19.30%

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**11. POST-EMPLOYMENT BENEFITS (Continued)**

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress immediately following the notes to the financial statements presents information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

**ACTUARIAL METHODS AND ASSUMPTIONS**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculation.

In the July 1, 2013, actuarial valuation, the entry age normal cost method was used. The actuarial assumptions included a 7.61% investment rate of return and an annual healthcare cost trend rate of 9.0% for fiscal year 2014, reduced by decrements of 0.5% a year to an ultimate rate of 4.64% at 2025 and thereafter. The actuarial valuation also includes a 3.25% salary increase annually and an inflation increase of 3.25% annually.

The Entry Age Normal (EAN) cost method spreads plan costs for each participant from entry date to the expected retirement date. Under the EAN cost method the plan's normal cost is developed as a level amount over the participants' working lifetime. The AAL is the cumulative value, on the valuation date, of prior service costs. For retirees, the AAL is the present value of all projected benefits.

Effective with the July 1, 2011, valuation the District transitioned to a closed amortization period. The amortization payment for the fiscal year ended June 30, 2014, was developed using a 28 year period with payments determined as a level percent of payroll. The amortization period will decline by one year each fiscal year hereafter. The ARC under this method equals the normal cost plus the amortization of unfunded AAL over a thirty (30) year closed period and is being amortized as a level percentage of increasing payroll. The Plan costs are derived by making certain specific assumptions as to the rates of interest, mortality, turnover, and the like, which are assumed to hold for many years in the future. Actual experience may differ somewhat from the assumptions and the effect of such differences is spread over all periods. Due to these differences, the costs determined by the valuation must be regarded as estimates of the true Plan costs.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

**12. SELF-INSURANCE**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Coverage provided by self-insured and excess coverage is generally as follows as of June 30, 2014:

<u>Type of Coverage</u>	<u>Self-insurance (per occurrence)</u>	<u>Excess Coverage (per occurrence)</u>
Workers' Compensation	Up to \$2,000,000	\$2,000,000 to \$25,000,000
Commercial General Liability		
Bus	Up to \$5,000,000	\$5,000,000 to \$200,000,000
Light Rail	Up to \$5,000,000	\$5,000,000 to \$200,000,000
*Property:		
Perils	Up to \$100,000	\$100,000 to \$250,000,000
Collision	Up to \$500,000	\$500,000 to \$250,000,000
Flood	Up to \$250,000	\$250,000 to \$10,000,000

\* includes revenue and non-revenue vehicles

The District purchases commercial insurance for claims in excess of self-insured amounts and for all other risks of loss to a stated maximum amount. The District is self-insured for amounts in excess of these maximum amounts. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

The claims liability of \$18,823,841 and \$18,439,306 reported at June 30, 2014 and 2013, respectively, is based on estimates of the amounts needed to pay prior and current year claims and to allow accrual of estimated incurred but not reported claims. Non-incremental claims adjustment expenses have been included as part of the liability. As of June 30, 2014, and 2013, the Public Liability and Property Damage (PLPD) liability is discounted using a discount factor of 2.0%. PLPD is discounted due to the amount the District holds in a reserve fund of \$3,097,888 and \$4,392,295 at June 30, 2014, and 2013, respectively. Workers' Compensation liability is not discounted.

These claim estimates are actuarially determined and based on the requirements of GASB Statements No. 10 and 30, which require that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the District's claims liability amount during the fiscal years ended June 30, 2014, and 2013 were as follows:

<u>Fiscal Year Ended</u>	<u>Beginning of the Year Liability</u>	<u>Current Year Claims and Changes in Estimate</u>	<u>Claims Payments</u>	<u>End of the Year Liability</u>
June 30, 2014	\$ 18,439,306	\$ 5,723,143	\$ (5,338,608)	\$ 18,823,841
June 30, 2013	18,292,958	5,327,966	(5,181,618)	18,439,306

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

---

**13. CONTINGENT LIABILITIES AND COMMITMENTS**

The District is involved in various claims and litigation arising from its operations. District management, after consultation with the District's general counsel, believes that the resolution of such matters will not have a material adverse effect on the District's financial position or results of operations.

The District receives funding for specific purposes that is subject to review and audit by the granting agencies or funding source. Such audits could result in a request for reimbursement for expenses disallowed under the terms and conditions of the contracts. Management is of the opinion that no material liabilities will result from such potential audits.

The District has construction contracts and property acquisition commitments of approximately \$112,000,525 and \$47,330,715 at June 30, 2014, and 2013, respectively. Federal, state, and local grant funds have been approved for such construction.

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)  
FOR THE FISCAL YEARS ENDED JUNE 30, 2014 AND 2013**

**13. CONTINGENT LIABILITIES AND COMMITMENTS (Continued)**

**PUBLIC TRANSPORTATION MODERNIZATION IMPROVEMENT AND SERVICE  
ENHANCEMENT ACCOUNT (PTMISEA)**

In November 2006, California voters passed a bond measure enacting the Highway Safety, Traffic Reduction, Air Quality and Port Security Bond Act of 2006. Of the \$19.925 billion of state general obligation bonds authorized, \$4 billion was set aside by the State as instructed by statute as the PTMISEA. These funds are available to the California Department of Transportation for intercity rail projects and to transit operators in California for rehabilitation, safety or modernization improvements, capital service enhancements or expansions, new capital projects, bus rapid transit improvements or for rolling stock procurement, rehabilitation or replacement. PTMISEA activity for the fiscal years ended June 30, 2014, and 2013 are as follows:

	2014	2013
<b>Balance July 1</b>	<b>\$ -</b>	<b>\$ -</b>
Receipts	11,597,606	20,285,652
Expenses:		
LRT Crossing Enhancements	(6,499)	(2,986)
UTDC Retrofit	(616,432)	-
Bus Maintenance Facility	(33,365)	(1,609,478)
ADA Transit Plan Improvements	(615)	(11,419)

## Statistical Section (Unaudited)

**SACRAMENTO REGIONAL TRANSIT DISTRICT  
STATISTICAL INFORMATION (UNAUDITED)**

---

This part of the Sacramento Regional Transit District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

<b>CONTENTS</b>	<b><u>Page</u></b>
<b>Financial Trends</b>	<b>64</b>
These schedules contain information to help the reader understand how the District's financial performance and well-being have changed over time.	
<b>Revenue Capacity</b>	<b>66</b>
These schedules contain information to help the reader assess the factors affecting the District's ability to generate its fares.	
<b>Debt Capacity</b>	<b>68</b>
These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	
<b>Demographic and Economic Information</b>	<b>70</b>
These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place and to help make comparisons over time and with other governments.	
<b>Operating Information</b>	<b>73</b>
These schedules contain information about the District's operations and resources to help the reader understand how the District's financial information relates to the services the District provides and the activities it performs.	

**Sources:** *Unless otherwise noted, the information in these schedules is derived from the comprehensive annual reports for the relevant year. The District implemented GASB Statements No. 63 and 65 in the fiscal year ended June 30, 2013. Schedules comparative results are retroactively presented.*

**Federal Funds**

*Section 5307 Funds:* Funds distributed by formula to large and small urban areas for a variety of transit planning, capital and preventive maintenance needs.

*Section 5309 Fixed Guideway Funds:* Funds distributed by formula to urban rail transit operators for repair and rehabilitation of commuter and light rail systems.

*Section 5309 Bus Funds:* Funds for bus purchases and bus support facility projects. These funds are specifically earmarked by Congress each year.

*Section 5309 New Starts Funds:* Funds for fixed guideway (i.e. light rail, commuter rail, etc.) projects. New Start projects are recommended by the Federal Transit Administration and based on rigorous criteria and selected for funding by Congress.

*Section 5316 Jobs Access & Reverse Commute (JARC):* Funds for operating new service that provides increased access to job opportunities, either through new service routes or expansions of existing routes into non-traditional service hours.

*Section 5317 New Freedom (NF):* Funds to reduce barriers to transportation services and expand the transportation mobility options available to people with disabilities beyond the requirements of the Americans with Disabilities Act (ADA) of 1990.

*Federal Highway Discretionary Funds:* Funds distributed for a variety of transportation planning, construction, and equipment acquisition needs. Projects are approved for funding by local agencies and forwarded to appropriate state and federal agencies for funding authorization.

*Section 5339 Bus and Facilities Funds:* Funds distributed by formula for bus renovations, purchases and bus support facility projects.

*Section 5337 State of Good Repair Funds:* Funds distributed for formula to repair and upgrade rail transit systems along with high-density motor bus systems that use high occupancy vehicle (HOV) lanes including bus rapid transit (BRT).

*ARRA Funds:* On February 17, 2009 the President signed into law the American Recovery and Reinvestment Act of 2009 (ARRA). The Act provides direct funding from the federal government for infrastructure, fiscal stabilization and other programs over the next several years. ARRA is designed to create or save jobs, and invest in science, health care, transportation, education, and energy efficiency.

**State Funds**

*State Transportation Improvement Program:* Funds distributed by the State for projects, including transit construction projects that relieve traffic congestion on state and local roads and highways.

*Proposition 116 Rail Bond Funds:* Funds approved by California voters in 1990 (*Clean Air Transportation Improvement Act*) for passenger rail purposes. The District received a total of \$100 million for light rail improvement and expansion projects.

*Other:* These funds include Transit Capital Improvement funds for projects approved for funding in FY 1997 and earlier (the last year that TCI funds were made available by the State), Traffic Congestion Relief Program funds approved in the FY 2000 State Budget for specific District capital projects, and Proposition 1B funds approved for funding in FY 2007.

**Local Funds**

*Measure A* is a ½ cent sales tax ordinance that supports road and public transportation improvements in Sacramento County. Passed by voters in 1998, it expired in April 2009. The District received approximately 1/3 of the tax (1/6 cent). In November 2004, voters approved an extension of the Measure A ordinance until 2039 with transit receiving 38.25% of the ½-cent tax.

*Local Transportation Fund:* Funds generated by the state sales tax, and used for transit operating support purposes. The Transportation Development Act (TDA) allocates a portion of the state sales tax for transportation purposes.

*State Transit Assistance Funds:* Funds generated by the sales tax on gasoline and diesel fuel sales. These funds are disbursed to transit agencies for a variety of transit capital and operating support needs.

*Other:* This funding is from County of Sacramento

(1) Of the \$15.7 million, \$4.7 million was appropriated for operating purposes with the remaining amounts assigned to various capital projects.

In 2012, the Sacramento urban area, ranked 28th in the US based on population. Table 1 compares the District's 2012 performance to 7 other bus peer transit properties and 6 other rail peer transit properties. This table indicates the following:

**Bus**

The District ranks 4th in Cost per Passenger, Cost per Revenue Mile, Cost per Revenue Hour, Subsidy Per Passenger and 5th in Farebox Recovery Ratio among its Bus peer transit agencies.

**Rail**

The District ranks 3rd in Cost per Passenger, Cost per Revenue Hour and Subsidy per Passenger among its Rail peer transit agencies.  
The District ranks 4th in Cost per Revenue Mile among its Rail peer transit agencies.  
The District ranks 5th in Farebox Recovery Ratio among its Rail peer transit agencies.

# SACRAMENTO REGIONAL TRANSIT DISTRICT

## NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2014

---

### 1. BASIS OF PRESENTATION

The Schedule of Expenditures of Federal Awards includes the federal grant activity of the Sacramento Regional Transit District (the District) and is prepared on the accrual basis of accounting. Expenses are recorded at the time liabilities are incurred. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

### 2. PASS-THROUGH AWARDS

The District passed-through the following amounts to subrecipients related to Jobs Access - Reverse Commute (JARC) Federal Funds, CFDA #20.516:

Sacramento County	\$ <u>104,861</u>
-------------------	-------------------

The District passed-through the following amounts to subrecipients related to Federal Transit - Capital Investment Grants, CFDA #20.500:

Yuba-Sutter Transit	\$ 1,080,000
City of Sacramento	<u>1,664,338</u>
Total	<u>\$ 2,744,338</u>

The District passed-through the following amounts to subrecipients related to Federal Transit - Formula Grants, CFDA #20.507:

El Dorado County Transit Authority	\$ 244,522
Paratransit Inc.	66,508
City of Citrus Heights	<u>240,428</u>
Total	<u>\$ 551,458</u>

### 3. FEDERAL AWARDS PAYABLE OR UNCOLLECTIBLE

During the fiscal year ended June 30, 2014, the District identified payments totaling \$324,433 that had been reported as expenditures on the SEFA under CFDA #20.500 in prior fiscal years that were eligible for another more restrictive funding source. The District transferred the costs to the other funding source and has shown an adjustment in the SEFA for the year ended June 30, 2014.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS* AND  
THE TRANSPORTATION DEVELOPMENT ACT**

**Independent Auditor's Report**

**Members of the Board of Directors  
Sacramento Regional Transit District  
Sacramento, California**

**Members of the Board of Directors  
Sacramento Area Council of Governments  
Sacramento, California**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities and the pension trust funds of the Sacramento Regional Transit District (the District) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 7, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. Our audit was further made to determine that Transportation Development Act (TDA) funds allocated to and received by the District were expended in conformance with applicable statutes, rules and regulations of the TDA and the allocation instructions and resolutions of the Sacramento Area Council of Governments as required by Section 6667 of Title 21, Division 3, Chapter 2, Article 5.5 of the California Code of Regulations. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance for Each Major Federal Program**

We have audited the Sacramento Regional Transit District's (the District) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on the District's major federal program for the year ended June 30, 2014. The District's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for the District's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for its major federal program. However, our audit does not provide a legal determination on the District's compliance.

***Opinion on Each Major Federal Program***

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2014.

**Report on Internal Control Over Compliance**

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for its major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of District's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133**

We have audited the financial statements of the business-type activities and the pension trust funds of the District as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated November 7, 2014, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

**Members of the Board of Directors  
Sacramento Regional Transit District  
Sacramento Area Council of Governments  
Page 3**

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

Auditee qualified as low-risk auditee?	<input checked="" type="checkbox"/> Yes      _____ No

### SECTION II – FINANCIAL STATEMENT FINDINGS

None.

### SECTION III – FEDERAL COMPLIANCE

None.

# **SACRAMENTO REGIONAL TRANSIT DISTRICT**

## **SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS YEAR ENDED JUNE 30, 2014**

---

There were no findings in the prior year.

**Members of the Board of Directors  
Sacramento Regional Transit District  
Sacramento, California**

We have audited the financial statements of the business-type activities and the pension trust funds of the Sacramento Regional Transit District (District) for the year ended June 30, 2014, and have issued our report thereon dated November 7, 2014. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and OMB Circular A-133, as well as certain information related to the planned scope and timing of our audit. We are providing the District's Board of Directors with information regarding the scope and results of the audit to assist the Board of Directors in overseeing management's financial reporting and disclosure process. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Communications

***Qualitative Aspects of Accounting Practices***

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. As described in Note 1 to the financial statements, the District's pension trust funds adopted the provisions of Governmental Accounting Standards (GASB Statement) No. 67, *Financial Reporting for Pension Plans*, in June 30, 2014. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the District's financial statements were:

Management's estimate of the depreciation and amortization of capital assets, accrued compensated absences, reserve for claims liability, retirement expenses, and other post-employment benefits (OPEB) costs.

Management's estimate of depreciation and amortization is based on the estimated useful lives of the related assets. Management's estimate of accrued compensated absences is based on the accrued vacation hours and hourly rate of each employee at year-end. Management's estimate for reserve for claims payable is based upon actuarial methods and assumptions for Workers' Compensation and Public Property and Liability Damage. Management's estimates of annual retirement and OPEB costs/liabilities are based on the estimated costs of providing retirement and health benefits to the District's current and retired employees using actuarial methods and assumptions. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

### ***Difficulties Encountered in Performing the Audit***

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### ***Corrected and Uncorrected Misstatements***

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The attached schedule summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

### ***Disagreements with Management***

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### ***Management Representations***

We have requested certain representations from management that are included in the management representation letter dated November 7, 2014.

### ***Management Consultations with Other Independent Accountants***

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### ***Other Audit Findings or Issues***

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### **Other Matters**

We applied certain limited procedures to the management's discussion and analysis and the schedules of funding progress, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the combining fiduciary funds financial statements, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the introductory and statistical sections, which accompany the financial statements but are not RSI. We did not audit or perform other procedures on this other information and we do not express an opinion or provide any assurance on it.

Restriction on Use

This information is intended solely for the use of the Board of Directors and management of the District and is not intended to be, and should not be, used by anyone other than these specified parties.

**November 7, 2014**

RESOLUTION NO. 14-12-\_\_\_\_\_

Adopted by the Board of Directors of the Sacramento Regional Transit District on this date:

December 8, 2014

**AUTHORIZE THE USE OF \$3,342,478 OF RT'S OPERATING RESERVE FUNDS TO FUND RT'S DECREASE IN NET POSITION IN THE FISCAL YEAR ENDED JUNE 30, 2014**

WHEREAS, Sacramento Regional Transit District ("RT") has an established Operating Reserve Fund as a result of a Board approved Operating Reserve Policy and prior year operating surpluses.

WHEREAS, pursuant to its Comprehensive Reserve Policy, RT has an Operating Reserve Fund that requires a 2/3 vote by the Board before staff can transfer the funds.

BE IT HEREBY RESOLVED BY THE BOARD OF DIRECTORS OF THE SACRAMENTO REGIONAL TRANSIT DISTRICT AS FOLLOWS:

THAT, the Board hereby authorizes the General Manager/CEO or his designee to use funds designated as Operating Reserve Funds, up to \$3,342,478 to meet RT's FY2014 decrease in net position caused by operating expenses exceeding operating revenues.
