DISCUSSION

There is a District need to replace five police service vehicles, which have either accumulated over 100,000 life miles and/or have been in service well over five years. The replacement vehicles will be used for direct support of Police Services and will replace those aged vehicles that now provide critical and direct support to District operations. All five vehicles have exceeded the end of their service life, in accordance with RT's Standard Operating Procedure for replacement of non-revenue vehicles (MT-SOP-92-001).

RT's Procurement Ordinance, as well as FTA guidelines, allow RT to use competitively bid contracts from other public agencies. RT has used State of California contracts on numerous occasions to purchase non-revenue vehicles and Paratransit buses. Folsom Lake Ford has been awarded State of California Contract Number 1-15-23-14B for Ford Police Interceptor Utility SUVs. As set out in Contract Number 1-15-23-14B, Contractor must provide a \$500 per vehicle discount for payment made within 20 days after vehicle acceptance.

Staff recommends the award of a contract for the Purchase of Five Enforcement Utility Vehicles to Folsom Lake Ford for an amount not to exceed \$141,078.10, plus sales tax and fees.
