ISSUE

Whether or not to 1) Authorize the submittal of project nominations and allocation requests to Caltrans for Fiscal Year 2017/18 Low Carbon Transit Operations Program (LCTOP) for the South Line Phase 2 Light Rail Expansion, Bus Route 25 Enhancement, Connect Card Implementation, Golden 1 Center Special Event Service, and Folsom Late Night Light Rail Service projects, and 2) Authorize execution of the certifications and assurances for fiscal year 2017/18 LCTOP.

RECOMMENDED ACTIONS

- A. Adopt Resolution 18-04-_____, Authorizing the Execution of the Low Carbon Transit Operations Program (LCTOP) Project(s) and Submittal of Project Nominations and Allocation Requests to Caltrans for Fiscal Year 2017/18, and
- B. Adopt Resolution 18-04-_____, Authorizing the Execution of the Certifications and Assurances and Authorized Agent Forms for Fiscal Year 2017/18 Low Carbon Transit Operations Program.

FISCAL IMPACT

Approval of authority to apply for and receive funds will enable SacRT to access \$2,237,033 in FY 2017/18 LCTOP funds to continue operating the South Line Phase 2 Light Rail Extension, Bus Route 25 Enhancement, Connect Card Implementation, and Golden 1 Center Special Event Service projects; and implement new later evening rail service in Folsom.

DISCUSSION

The Low Carbon Transit Operations Program was created in 2014 by Senate Bill 862 to provide operating and capital assistance for transit agencies to reduce greenhouse gas emissions and improve mobility, with a priority on serving disadvantaged communities. Eligible LCTOP projects support new or expanded bus or rail service, expand intermodal transit facilities; increase transit mode share; and/or support the purchase of zero emission buses and related equipment/infrastructure. Each project is required to reduce greenhouse gas emissions. For transit agencies serving disadvantaged communities, at least 50% of the LCTOP monies received must be spent on projects that benefit disadvantaged communities. Assembly Bill 1550 created additional requirements for low income communities and residents. Beginning in FY 2015/16, Senate Bill 862 continuously appropriates five percent of the annual Cap and Trade auction proceeds in the Greenhouse Gas Reduction Fund (GGRF) to LCTOP. SacRT's share of the FY 2017/18 LCTOP funding is \$2,237,033, to be divided between four continuing projects and one new project.

Subject: Authorization for the Execution of the Low Carbon Transit Operations Program (LCTOP) and Certifications and Assurances for Fiscal Year 2017/18

- 1) The South Line Phase 2 Light Rail Extension project started operations in August 2015. SacRT is requesting FY 2017/18 LCTOP funds to help cover FY 2018/19 operations costs of this light rail expansion project.
- 2) Bus Route 25 increased service frequency on a portion of the route and extended a bus turnaround beginning September 2015. SacRT is requesting FY 2017/18 LCTOP funds to help cover the operations cost of the enhancement in FY 2018/19.
- 3) The Connect Transit Card project commenced operations on a limited, phase in basis in November 2016. SacRT is requesting FY 2017/18 LCTOP funds to help cover operations cost in FY 2018/19.
- 4) The Golden 1 Center Special Event Service commenced operations in October 2016. SacRT is requesting FY 2017/18 LCTOP funds to help cover operations costs in FY 2018/19.
- 5) The new project is the Folsom Late Night Light Rail Service, which is anticipated to begin operations in July 2018. SacRT is initially requesting a small amount of FY 2017/18 LCTOP funds to help cover operations cost in FY 2018/19. It is important to request funds for the first year of the service in order to preserve eligibility for future years' LCTOP funds. Only new projects are eligible and LCTOP funds must be approved by Caltrans before the service starts. Satisfying this requirement allows SacRT to apply for new LCTOP funds for the service in the subsequent 4 years.

The Folsom Service has not been approved by the Board. In the event the Board does not approve the service, the LCTOP funds will be transferred to one of the other four remaining projects.

SacRT's service area includes multiple disadvantaged communities (DACs) and low income communities. Except for the Folsom service, all of the above projects are located in, or near, one or more disadvantaged communities or low income communities. SacRT meets all LCTOP statutory requirements for these communities.

The LCTOP program requires a SacRT Board Resolution approving projects for which SacRT is requesting LCTOP funds. The resolution includes the amount of LCTOP funds requested, a description of the project, and the contributing sponsors. In addition, a SacRT Board resolution is required to approve the self-certification that SacRT will meet all requirements of the LCTOP guidelines, including reporting deadlines (Exhibit B- "Certifications and Assurances"). In order to receive funding, this item must be approved by the Board at the April meeting to satisfy Caltrans requirements or funding maybe put at risk.

In Resolution 16-01-08, the Board authorized the General Manager/CEO to execute documents necessary for the purpose of obtaining LCTOP funding, including certifications and assurances.
