Operator Commendation

Dear Mr. Li:

I would like to commend your operator on the #30 bus line. I boarded at 10:59AM at J St & 53rd and asked the driver about connections to the 142 airport bus. As we approached L&13th, my operator noticed the 142 bus was just pulling out. To my great surprise, he called the departing bus and arranged for it to hold at the next stop for me!! Wow, that was so unexpected and so thoughtful. I hope you can identify the operator from the time and route information. I might add the operator of the 142 bus was also exceptionally pleasant. What a great way to start a trip!

I hope the 142 service continues to gain ridership as people learn how much they can save by riding the bus. Perhaps the increasing fuel costs will have one benefit by encouraging more use of public transit.

Sincerely,
