Hello Chair Kennedy and Board Members,

It appears the minutes from the last board meeting have a new name, Action Summary, which only highlights the action items and cuts out comments made by directors and members of the public. [Recent 2.1 consent](#) unlike the board minutes of the meeting in Nov 2023 at the link [November 2023 2.1](#)

RiderShip for the Masses is deeply concerned public comments are beginning to be phased out of the record. In the new format, comments are not fully recorded, printed, and readable by the public.

RiderShip for the Masses also believes this is very problematic when SacRT holds a public hearing and public comments are not recorded in the public record. It is also problematic when comments from board meetings are not recorded.

RiderShip for the Masses requests SacRT go back to fully recording and posting all public and board member comments into the record.

Thank you
