DISCUSSION

The City of Sacramento Finance Department has circulated property owner ballots regarding renewal of the Del Paso Boulevard Property and Business Improvement District (PBID). RT is a board member of the owner's association as well as a substantial property owner in the PBID. This ballot also actuates an expansion of the PBID, adding an additional 90 properties. RT's share of the PBID obligation would expand from five parcels with an annual assessment of \$15,632.56 to 26 parcels with an annual assessment of \$71,972.56 (see Table 1 below). This action would put RT's voting strength, based on total assessments, at 19.8 percent of the PBID.

Activities funded by the PBID include a safety and security program to support police and property owner crime prevention efforts; maintenance services to increase the frequency of litter, debris and graffiti removal; advocacy and image enhancement to promote business interests and allow the business community to speak with one voice; and leveraging additional funding for improvements on Del Paso Boulevard. These activities support increased ridership at Globe, Arden-Del Paso and Royal Oaks light rail stations, and lower RT's ongoing maintenance costs.

The vote is determined by the sum of the proposed fees to be assessed per parcel, as indicated in Table 1. If RT votes to renew the PBID, which would extend its term for an additional five years at

the expanded size, RT is committing to the expenditure of \$71,972.56 per year. The commitment as of today would be for fees in the amount of \$359,862.80 over five years. While the assessment can be increased during the 5-year term, RT will have the opportunity to protest any future proposed increase in the assessment and will bring any proposed future increase back to the Board for consideration. Unless a majority of the votes, as weighted by assessment value, are cast against renewal, the PBID will be renewed.
