Cost Cntr/GL Acct(s) or Capital Project #:	CC 34 / GL 630026	Total Amount:	\$	2,500,000.00
Total Budget:	\$315,000.00			

## DISCUSSION

On October 13, 1993, the Regional Transit Board of Directors approved joining the Sacramento Regional Radio Communications System (SRRCS), the County wide public safety radio system. Since that time, RT has successfully integrated its radio system into the County network and participated fully in the governance of the radio system. The current licensing agreement with the County expires on July 1, 2010. The new agreement will run until July 1, 2020.

As part of the agreement, participants share annual costs on the radio backbone maintenance and pay an operation fee to cover direct costs by the County of Sacramento. Fees are based on the County costs, multiplied by a ratio of radios used on the District's system that could vary each year, divided by the total number of radios used by all participants. The annual fee for RT on July 1, 2010 is \$226,600.00. In preparing this agreement, RT assumed a 2% growth rate in the number of radios utilized by RT beginning in year 3 and continuing through year 10.

Staff recommends approving the renewal of the Sacramento Regional Radio Communications System Licensing Agreement for ten years through July 1, 2020.
