Any person who has questions concerning any agenda item may call the Retirement Services Analyst of Sacramento Regional Transit District to make inquiry.

# RETIREMENT BOARD STAFF REPORT

---

**DATE:** February 16, 2022 Agenda Item: 1  
**TO:** Sacramento Regional Transit Retirement Board - All  
**FROM:** John Gobel - Manager, Pension and Retirement Services  
**SUBJ:** AUTHORIZE THE BOARDS TO CONDUCT THEIR MEETINGS FOR THE NEXT 30 DAYS VIA TELECONFERENCE AS AUTHORIZED UNDER THE BROWN ACT PURSUANT TO GOVERNMENT CODE SECTION 54953, AS AMENDED BY ASSEMBLY BILL 361, DURING THE COVID-19 PANDEMIC

## **RECOMMENDATION**

Adopt the attached Resolutions.

## **RESULT OF RECOMMENDED ACTION**

Adoption of the Resolutions will authorize the Retirement Boards to meet via teleconference due to the COVID-19 pandemic, consistent with Assembly Bill (AB) 361, for 30 days.

## **FISCAL IMPACT**

There is no fiscal impact.

## **DISCUSSION**

Adopted and signed into law in September 2021, AB 361 amended the Ralph M. Brown Act ("Brown Act") to authorize modified procedures for remote (teleconference) meetings for each local legislative body that finds, by a majority vote, that it has considered the circumstances of the COVID-19 state of emergency, and (i) the state of emergency continues to directly impact the ability of the Retirement Board members to meet safely in person and/or (ii) state or local officials continue to impose or recommend measures to promote social distancing. The findings must be made no later than 30 days after using the modified procedures, and every 30 days thereafter. See Cal. Gov. Code § 54953(e).

Currently, the Sacramento County Health Officer's January 6, 2022 Health Order requires that all public meetings in the County occur virtually until further notice. <https://dhs.saccounty.gov/PUB/Documents/AZ-Health-Info/ME-HealthOrder20220106.pdf>.

When the conditions of AB 361 are met, the Retirement Boards may meet remotely using teleconferencing without requiring any in-person option, without noticing the locations being used by Board members or making them open to the public, and without regard to whether a quorum of any of the Boards is participating from within the Boards' jurisdiction.

**RESOLUTION NO. 2022-02-340**

**SACRAMENTO REGIONAL TRANSIT RETIREMENT BOARD RESOLUTION**

Adopted by the Board of Directors for the Retirement Plan for the Sacramento Regional Transit District Employees who are Members of ATU Local Union 256 on this date:

**February 16, 2022**

**Authorize the Retirement Board of Directors to Meet via Teleconference In Compliance with The Brown Act Pursuant to Government Code Section 54953, As Amended by Assembly Bill 361, During the Covid-19 Pandemic**

BE IT HEREBY RESOLVED BY THE BOARD OF DIRECTORS FOR THE RETIREMENT PLAN FOR THE SACRAMENTO REGIONAL TRANSIT DISTRICT EMPLOYEES WHO ARE MEMBERS OF ATU LOCAL 256 AS FOLLOWS:

THAT, on March 4, 2020, Governor Gavin Newsom issued a Proclamation of State of Emergency in response to the novel coronavirus (a disease now known as COVID-19); and

WHEREAS, the Sacramento County Health Officer declared a local health emergency related to the COVID-19 on March 6, 2020 and the County Administrator, acting in his capacity as the Director of Emergency Services, proclaimed the existence of a local emergency related to COVID-19 on March 6, 2020; and

WHEREAS, on March 17, 2020, Governor Newsom issued Executive Order N-29-20, which suspended and modified the teleconferencing requirements under the Brown Act (California Government Code Section 54950 et seq.) so that local legislative bodies can hold public meetings via teleconference (with audio or video communications, without a physical meeting location), as long as the meeting agenda identifies the teleconferencing procedures to be used; and

WHEREAS, on June 11, 2021, the Governor issued Executive Order N-08-21, which extended the provision of N-29-20 concerning the conduct of public meetings through September 30, 2021, and the Governor subsequently signed legislation revising Brown Act requirements for teleconferenced public meetings (Assembly Bill 361, referred to hereinafter as "AB 361"); and

WHEREAS, as of the date of this Resolution, neither the Governor nor the Legislature have exercised their respective powers pursuant to California Government Code section 8629 to lift the state of emergency either by proclamation or by concurrent Resolution in the state Legislature; and

WHEREAS, as of the date of this Resolution, neither the County Health Officer nor the County Administrator have exercised their powers to lift the local health emergency and local state of emergency declared and proclaimed on March 6, 2020; and

WHEREAS, the Sacramento County Health Officer issued an order dated January 6, 2022 requiring that all public meetings in the County be held virtually until further notice; and

WHEREAS, this Board concludes that there is a continuing threat of COVID-19 to the community, and that Board meetings have characteristics that give rise to risks to health and safety of meeting participants (such as the increased mixing associated with bringing together people from across the community, the need to enable those who are immunocompromised or unvaccinated to be able to safely continue to participate fully in public governmental meetings, and the challenges with fully ascertaining and ensuring compliance with vaccination and other safety recommendations at such meetings); and

WHEREAS, to comply with the current Sacramento County Health Officer's order, to help protect against the spread of COVID-19 and its variants, and to protect the health and safety of the public, the Board desires to take the actions necessary to comply with AB 361 and to continue to hold its Board meetings remotely.

NOW, THEREFORE, BE IT RESOLVED AND FOUND as follows:

1. The Retirement Board hereby finds that the facts set forth in the above recitals are true and correct, and establish the factual basis for the adoption of this Resolution.
2. The Sacramento County Health Officer's January 6, 2022 Health Order requires that all public meetings in the County occur virtually until further notice.
3. There is an ongoing proclaimed state of emergency relating to the novel coronavirus causing the disease known as COVID-19 and as a result of that emergency, meeting in person would present imminent risks to the health or safety of attendees of in-person meetings of this legislative body within the meaning of California Government Code section 54953(e)(1).
4. Under the present circumstances, including the risks mentioned in the preceding paragraph, the Retirement Board determines that authorizing teleconferenced public meetings consistent with Assembly Bill 361 is necessary and appropriate.
5. Staff are directed to take all actions necessary to implement this Resolution in accordance with the foregoing provisions and the requirements of Government Code section 54953, as amended by Assembly Bill 361, including but not limited to returning for ratification of this Resolution every 30 days after teleconferencing for the first time pursuant to Assembly Bill 361 for so long as either of the following circumstances exists:

(a) the state of emergency continues to directly impact the ability of this legislative body to meet in person; and/or (b) state or local officials, including but not limited to the County Health Officer, continue to impose or recommend measures to promote social distancing.

**Sacramento Regional Transit District  
Quarterly Retirement Board Meeting AFSCME  
Wednesday, December 8, 2021  
MEETING MINUTES**

This meeting was held as a common meeting of the Sacramento Regional Transit District Retirement Boards (AEA, AFSCME, ATU, IBEW, MCEG).

The meeting was conducted via teleconference in accordance with Government Code Section 54953, as amended by Assembly Bill 361.

The Retirement Board was brought to order at 9:01 a.m. A quorum was present and comprised as follows: Directors Li, Guimond, and Thompson. Director Kennedy, Alternate Jennings, and Alternate Salva were absent.

The Common Vice Chair presided over this Retirement Board meeting.

**PUBLIC ADDRESSES BOARD ON MATTERS NOT ON THE AGENDA**

None.

**RESOLUTION TO MEET VIA TELECONFERENCE**

1. Resolution: Authorize the Board to Conduct Its Meetings for the Next 30 Days Via Teleconference as Authorized under the Brown Act pursuant to Government Code Section 54953, as Amended by Assembly Bill 361, during the COVID-19 Pandemic (All). (Gobel)

John Gobel discussed Assembly Bill 361 (AB 361), urgency legislation signed by the Governor that amended the Government Code to authorize local legislative bodies to continue to meet remotely during the COVID-19 pandemic if certain conditions are met. Under AB 361, Mr. Gobel indicated that the Retirement Board could continue to meet virtually as it had been if it made certain findings at the start of the meeting. Thereafter, the Retirement Board would need to make the same findings again if Directors wished to meet remotely after more than 30 days. In making the findings, Mr. Gobel explained that the Retirement Board was being asked to reference the social distancing requirements recommended by State agencies and Sacramento County's Health Officer and resolve to conduct the meeting remotely to protect the health and safety of the public. There were no questions from the Board nor public comment on the item.

Director Guimond moved to adopt Agenda Item 1. The motion was seconded by Director Thompson. Agenda Item 1 was carried unanimously by roll call vote: Ayes - Li, Guimond, and Thompson; Noes – None.

### **NEW BUSINESS**

- 15. Information: Investment Performance Review of the S&P 500 Index and MSCI EAFE Funds by State Street Global Advisors (SSgA) for the ATU, IBEW and Salaried Employee Retirement Funds for the Quarter Ended September 30, 2021 (All). (Adelman)

Jamie Adelman, AVP, Finance & Treasury, introduced Kimberly Cook from State Street Global Advisors (SSgA), the Retirement Plans' manager for the S&P 500 Index Strategy (Domestic Large Cap Equity) and MSCI EAFE Index Strategy (International Large Cap Equity). As reviewed in the written materials distributed for the presentation, SSgA manages two index funds for the Retirement Plans: approximately \$59 million in the S&P 500 Index Strategy and approximately \$18 million in the MSCI EAFE Index Strategy. For the measurement period ended September 30, 2021, the S&P 500 Strategy reported the following annualized returns: 1-Year of 29.95%, 3-Year of 15.94%, and 5-Year of 16.86%. For the same measurement period (ended September 30, 2021), the MSCI EAFE Index Strategy reported the following annualized returns: 1-Year of 25.99%, 3-Year

of 7.92%, and 5-Year of 9.10%. All of the returns reported by SSgA were net of fees. Ms. Cook explained the slight difference in the returns for each Fund versus the index.

During the discussion of the funds, Ms. Cook noted that SSgA's equity index team manages \$2.4 trillion and explained that this scale creates opportunities for cross-trading securities among commingled investors (rather than incurring the transaction costs associated with buying and selling securities). Ms. Cook also addressed recent organizational changes at SSgA, including the retirement of Lynn Blake - CIO of SSgA's index equity business (June 2021), the departure of Kate McKinley – General Counsel (September 2021), and the pending departure of Chris Baker – Chief Compliance Officer (mid-December 2021).

16. Information: Investment Performance Review by Atlanta Capital for the ATU, IBEW, and Salaried Retirement Funds for the Domestic Small Cap Equity Asset Class for the Quarter Ended September 30, 2021 (All). (Adelman)

Ms. Adelman introduced Michael Jaje from Atlanta Capital, the Retirement Plans' Domestic Small Cap Equity manager. Ms. Adelman noted that the Fund has outperformed its benchmark over time, and provides protection in down markets. As reviewed in the written materials distributed for the presentation, Atlanta Capital manages a portfolio of approximately \$34 million for the Retirement Plans, which is benchmarked to the Russell 2000 Index. For the measurement period ended September 30, 2021, the portfolio reported the following annualized returns: 1-Year of 29.72%, 3-Year of 9.90%, 5-Year of 14.21%, and 10-Year of 15.87%.

During the discussion of the firm and its organizational structure, Mr. Jaje noted that Atlanta Capital has operated as a longtime subsidiary of Eaton Vance, which was recently acquired by Morgan Stanley. Mr. Jaje explained that Atlanta Capital still maintains its own brand and manages the portfolio as it has in prior years. Mr. Jaje also noted that the High Quality Small Cap portfolio holds a total of \$2.6 billion in assets and is closed to new investors.

During the review the portfolio and its performance, Mr. Jaje emphasized the importance of selecting high quality small cap stocks and the goal of providing downside protection to investors. Consistent with the bias toward quality and the goal of limiting losses in down markets, Mr. Jaje noted that the portfolio does not hold meme stocks and acknowledged that the portfolio under-performed the benchmark over the past twelve months. Since inception, however, Mr. Jaje noted that the annualized return of the portfolio (net of expenses) had exceeded the return of the benchmark by more than two percent – and done so with a lower level of risk (or beta) than the benchmark.

## December 8, 2021 Meeting Minutes – Continued

In response to a question from Brent Bernegger, Vice President of Finance, regarding returns and relative performance for the current quarter (ending December 2021), Mr. Jaje explained that the portfolio's returns had exceeded the benchmark on a quarter-to-date basis and was heading in the same direction for the calendar year. In response to a question from AEA Director Devorak regarding different considerations for institutional versus retail investors, Mr. Jaje described the portfolio's avoidance of non-profitable companies popularized by retail investors during the pandemic, and opined that these speculative investments had been a large driver of the benchmark's near-term results.

17. Motion: Receive and File Investment Performance Results for the ATU, IBEW and Salaried Employee Retirement Plans for the Quarter Ended September 30, 2021 (All). (Adelman)

Ms. Adelman introduced Anne Heaphy and Uvan Tseng from Callan. In addition to reviewing total fund performance for the period ended September 30, 2021, Ms. Adelman asked Ms. Heaphy to further discuss the organizational changes reviewed by SSgA.

Ms. Heaphy advised that Callan had no major concerns regarding SSgA and their index funds. While discussing the Retirement Plans' other investment managers, Ms. Heaphy also referenced the acquisition of Pyrford's parent company, BMO Global Asset Management, by Columbia Threadneedle. Finally, Ms. Heaphy addressed the two managers under watch by explaining that, pursuant to the Retirement Boards' Investment Policy Statement, Callan expects to keep AQR and DFA on watch for two full years and to further discuss the Watch List at the next Quarterly Retirement Board Meeting.

Ms. Heaphy reviewed total fund performance through September 30, 2021. She noted that total assets were \$375 million for the period ended September 30, 2021 and that the aggregate, one-year return of 22.15% had exceeded the target portfolio's return of 19.29%, noting that the Retirement Plans' quarterly return was <.47%>. Ms. Heaphy explained the difference between manager effect and allocation effect on the Fund's performance, and noted that manager effect had been stronger over the one-year period. For the same period, written materials distributed by Callan also reported the following annualized returns: 1-Year of 22.15%, 3-Year of 10.37%, 5-Year of 10.18%, and 10-Year of 10.02%.

With regard to the newest asset class introduced to the portfolio, Ms. Heaphy noted that the Real Estate allocation became fully funded during the last quarter. Ms. Heaphy also noted that the Retirement Boards had used Fixed Income dollars to fund the two new Real Estate managers. Ms. Adelman pointed out that the portfolio was rebalanced by reallocating assets from the overweight allocation to Large Cap Equity to Fixed Income.

## December 8, 2021 Meeting Minutes – Continued

Director Guimond moved to receive and file Agenda Item 17. The motion was seconded by Director Thompson. Agenda Item 17 was carried unanimously by roll call vote: Ayes - Li, Guimond, and Thompson; Noes – None.

18. Information: Draft Policy on Pensionable Compensation for PEPRA Members.  
(All) (Gobel)

Mr. Gobel explained that the Staff Report is informational only and that no action is requested on the attached draft policy. This item was first presented to the Retirement Boards at the July 28, 2021 meeting in a Staff Report that reviewed key provisions of the Public Employees' Pension Reform Act of 2013 ("PEPRA"), including the pay items or "pensionable compensation" that may be used to determine retirement benefits and contributions for new members subject to PEPRA. As explained at that meeting, the first SacRT PEPRA member retirement application had been received, and Staff needed guidance on the pay items to be included in pensionable compensation for purposes of calculating retirement benefits.

The Retirement Boards were advised at the September 8, 2021 meeting that a working group had been assembled to assess the pay elements in effect at SacRT, at which time the Retirement Boards requested to revisit the item at the December 8, 2021 meeting, when a Draft Policy on Pensionable Compensation for PEPRA Members would be provided as an information-only item.

Mr. Gobel described the review performed by Retirement Services Staff, with assistance from the Retirement Boards' Legal Counsel and Finance and Information Technology Staff, of all payroll codes, and identification of the specific pay items that should be included or excluded in the computation of retirement benefits and the collection of contributions for PEPRA members. Mr. Gobel explained that the draft policy reflects the analysis of the working group to date, and, when a final policy is adopted, it will be incorporated by reference in the new restated Plan documents that are in progress. Mr. Gobel also explained that until a proposed policy is submitted to and acted on by the Retirement Boards, the wage types identified in the draft policy would be used to compute "preliminary retirement allowances" for retiring PEPRA members.

Mr. Gobel also summarized current federal court litigation involving the application of PEPRA to transit agencies in California, and noted that there may be further developments over the next few months, following the scheduled hearing on the merits of the case. Retirement Boards' Legal Counsel, Shayna van Hoften, explained that, given this uncertainty, Staff and Legal Counsel continue to work on the draft policy merely as a proactive measure, while monitoring the lawsuit, and do not anticipate any further action by the Board before the second quarter of 2022.

**SUBJ:** RECEIVE PRELIMINARY RESULTS OF VALUATION STUDIES FOR RETIREMENT PLANS

## **RECOMMENDATION**

No Recommendation - Information Only

## **FISCAL IMPACT**

There is no fiscal impact associated with this informational Staff Report.

## **DISCUSSION**

Every year (usually in February), the Retirement Plans' consulting actuary, Graham Schmidt of Cheiron, meets with the Retirement Boards and presents preliminary results for the actuarial valuations. This meeting occurs prior to the submission of final valuations (usually in March) for three separate defined benefit (DB) plans, which are commonly referred to as the ATU Plan, the IBEW Plan, and the Salaried Plan.

Discussion of the preliminary results serves as an annual refresher for the Retirement Boards and provides an opportunity for Directors to ask questions prior to completion of the Actuarial Valuation Reports (AVRs). Some years, the Retirement Plans' actuary also asks the Retirement Boards for input on assumptions (such as anticipated investment rates of return) that could alter the AVRs. The AVRs are then presented at a subsequent meeting for adoption by the Retirement Boards.

When the Retirement Boards adopt their respective AVRs, they accept both the funded ratio determined by the actuary and the corresponding contribution rates (employer and employee, in the case of PEPRA members) for the next fiscal year. Accordingly, AVRs for the July 1, 2021 valuation date will be submitted at the Quarterly Retirement Board Meeting on March 16, 2022 and used to determine the required contribution rates for the fiscal year beginning July 1, 2022.

This year, Mr. Schmidt will be presenting the preliminary results in a new format, which Staff believes is just as informative as previous presentations, but better-suited for a

discussion of three DB plans with five distinct Retirement Boards. Because the information presented by the actuary is a precursor to the AVRs and contribution rates that will be submitted to the Retirement Boards next month, attendance is strongly encouraged for by all Directors and Alternates of the Retirement Boards.

Just under 50% are **active** employees, with the rest **in pay status** - retirees, disabled members, or beneficiaries - or eligible for a **deferred benefit**. All members not currently actively working are referred to as **inactive**.

What are the Plans' **Liabilities, Assets,**  
and **Funded Status?**

What are the **contributions** required to  
properly fund the System?

We first review the value of the benefits already earned, known as the **Actuarial Liability**, or the current funding target for the assets. The Actuarial Liability is shown divided among the three main valuation subgroups.

■ ATU ■ IBEW ■ Salaried

Next, we turn to the Plans' assets. The **Market Value of Assets** is the **Fair Value** as of the **Measurement Date**, June 30, 2021. The District separately tracks the assets for each group.

11 of 40

All **Market Value** Actuarial Value

■ ATU ■ IBEW ■ Salaried

The Market Value can fluctuate significantly from year to year because of rapid changes in the investment markets. We also calculate a smoothed value, the **Actuarial Value of Assets**, to reduce volatility in the contributions and better understand trends in funded status. Because the System had a very strong return during FY 2020-21, the Actuarial Value is currently below the Market Value, which means there are deferred gains which will get recognized in future years.

Next, we review the **Actuarially Determined Contribution (ADC) rates** for the Plans, shown as a *percentage of projected pensionable pay*. The contribution rates are effective for the fiscal year following the valuation date (i.e. from 7/1/2022-6/30/2023).

What happened to the System in the **past year?**

What are the **history** and **trends** over time?

We review the change in the Actuarially Determined Cost (ADC) rate for each group over the past year. First, we note that the employer rates for all three groups were *expected to increase* as a result of the Boards' decision to **phase-in** the UAL impact of assumption changes over a three-year period as part of the 2020 valuation.

The net impact was a reduction in cost for ATU (by 1.1% of pensionable pay) and the Salaried Plan (by 1.0%), with an increase for IBEW (by 1.5%), primarily from the lower payroll and the larger impact from the phase-in of assumption changes

How are **contributions** expected to change?

What is **expected** to happen to each Plans' funded status?

Below we show the projected employer contributions for the ATU plan, assuming all assumptions are met (including a 6.75% return each year). The rates are expected to drop over the next four years as the current year investment gains are recognized, and then continue to decline as the PEPRA population increases. The rates is expected to drop significantly in the 2032 valuation, when the largest layer of the UAL is paid off.

## Certification

The purpose of this report is to present the preliminary results of the SacRT actuarial valuations as of June 30, 2021. These results are still under peer review and subject to change.

In preparing our presentation, we relied on information (some oral and some written) supplied by SacRT. This information includes, but is not limited to, the Plan provisions, employee data, and financial information. We performed an informal examination of the obvious characteristics of the data for reasonableness and consistency in accordance with Actuarial Standard of Practice No. 23. The data and actuarial assumptions used (unless modified within this communication) will be described in our June 30, 2021 actuarial valuation report.

Future projections may differ significantly from the projections presented in this presentation due to such factors as the following: plan experience different from that anticipated by the assumptions; changes in assumptions; and changes in plan provisions or applicable law.

Cheiron utilizes ProVal actuarial valuation software leased from Winklevoss Technologies (WinTech) to calculate liabilities and project benefit payments. We have relied on WinTech as the developer of ProVal. We have a basic understanding of ProVal and have used ProVal in accordance with its original intended purpose. We have not identified any material inconsistencies in assumptions or output of ProVal that would affect this valuation.

Projections in this presentation were developed using R-scan, a proprietary tool used to illustrate the impact of changes in assumptions, methods, plan provisions, or actual experience (particularly investment experience) on the future financial status of the Plan. R-scan uses standard roll-forward techniques that implicitly assume a stable active population. Because R-scan does not automatically capture how changes in one variable affect all other variables, some scenarios may not be consistent.

To the best of our knowledge, this presentation and its contents have been prepared in accordance with generally recognized and accepted actuarial principles and practices which are consistent with the Code of Professional Conduct and applicable Actuarial Standards of Practice set out by the Actuarial Standards Board. Furthermore, as credentialed actuaries, we meet the Qualification Standards of the American Academy of Actuaries to render the opinion contained in this presentation. This presentation does not address any contractual or legal issues. We are not attorneys, and our firm does not provide any legal services or advice.

This presentation was prepared for the SacRT Retirement Board for the purposes described herein. Other users of this presentation are not intended users as defined in the Actuarial Standards of Practice, and Cheiron assumes no duty or liability to any other user.
